A peek out the yearbook room's window gives us a good view of the infamous smoking loange during a lunch period in the early fall.

New computer terminals, located in the Guidance Library and M.R.C., give Patty McCarty and Buddy Grindle some help in choosing colleges.

A pass intended for Horseheads' player (no. 82) Brian Bradley is broken up by Academy interference a Dunn Field.

What's Happening...

What's happening? Did you sell quotas? Going to the game? Can't make it, my folks won't let me have the car. I have to write a term-paper tonight. Can't see it. Put on a record, will ya? What did you get on the physics test? Who are you taking to the Senior Ball? Hey, John, can I borrow a quarter? How do you turn on this stupid computer. I like your shirt. I think she's cute. You missed a loop this morning. Do you believe in equal rights for women? Good, then you can pay your own way. I don't even need this. When do we get our year-books? Give me a buzz, tonight, will ya? Yeah, really. I hate that class. So does your mother. I don't care.

...What's happening!

So then what happened? What's for lunch? I have to go to practice right after school. Decent. You gonna go to Mike's party? Think she'll go out with me? Can I talk to you for a minute? What? Thanks. Yup. See ya then. Yeah. later.

What do we think and talk about right now, while we're in high school? We think about homework, proms, girls, guys, money, jobs, parties, new television superstars, Ted Nugent, baseball, hot dogs, apple pie, and Chevrolet. Everything. We talk about old things, new things, future things, and dreams. This yearbook touches on the past and future, but is dedicated to the present. Horseheads High School 1977-1978.

At the Spring Arts festival, Horseheads students Kim Manser and Peggy Kearney take a breather after displaying their talents.

Winter Heat K-2 snow skis were among the top prizes that the Senior Class Magazine Sale's High Salespersons could choose from. Despite how hard class officers Linda Young and Lynne Laubach tried to promote them, the skis were not chosen.

The U.S. Grand Prix at Watkins Glen attracted a huge crowd from all over the world. H.H.S. was represented by Steve Zaffarano, Augie Pasquale, and many others.

So here's what's happening. Horse-heads High doesn't have too much to get involved in. It only has 17 varsity sports, oodles of clubs, a few new courses, lots of old courses, many good teachers, not-so-many not-so-good teachers, plays, concerts, magazine drives, and computers.

Passing out ferndocks and super-pillows after the magazine sale, Lauriann Crandall sat many a lunch period outside the cafeteria.

The new salad and sub line has become a big attraction for H.H.S. students, like Donna Swan.

...What's happening!

Actually, we can keep ourselves pretty busy if we get involved in a few activities. When you're forty years old and read up this yearbook, you'll want to see what you did during these three years of partying, studying and competing at Horseheads High.

You have had a good year and you're glad it's over. All you can do now is look back at this past school year. Sophomores are going to be Juniors next year. Juniors are going to be Seniors, and Seniors have to get a job or go to college or whatever. Those people who are coming back next year should really enjoy Horseheads while they can.

So anyway, let's take a closer look at What's Happening in '78.

Mr. Scharf explains how to use a camera as some of his "Scientific Photography" students.

Soccer fans cheer on the great Horseheads Blue Raider Soccer Team at a home game.

Harry Shepard regains control of the ball and heads for the goal.

Throwing his arms up in excitement, after scoring a goal, Horseheads player Brian Bradley celebrates the spirit of the school. H.H.S. lost to E.F.A. by a score of 36-6.

Seniors who made quota were presented with a Horseheads High School Class of '78 diploma.

Student Life

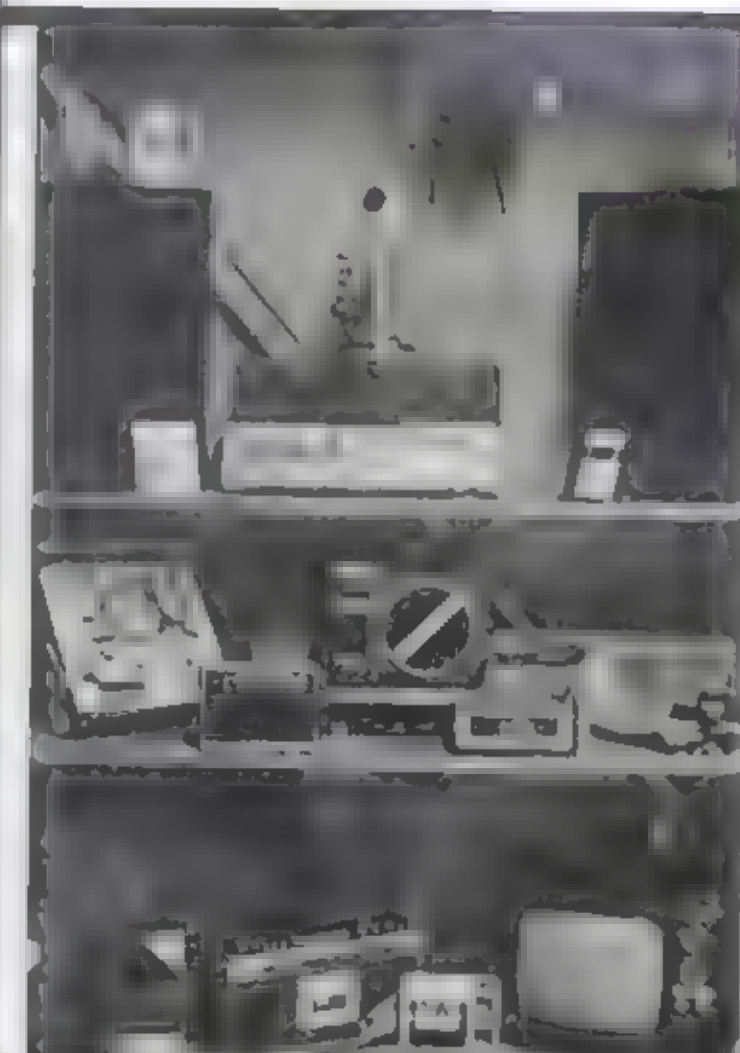

Involvement is a very important part of Student Life. Proms, fund raising drives, clubs, leagues, plays, and camps keep students at Horseheads involved and content. Open up the following pages to check out what is happening in student life.

JUNIOR'S PROM OUT

The Class of '78 held their Junior Prom at the Elmira Heights Junior High School on Saturday, April 30, from 8:00 p.m. until midnight.

Before the Prom, many of the students and some faculty went out to dinner at the homes and a few at the school.

With the theme song, "I Wanna Dance with Somebody," Steve Plummer and Patty Peterson, the Class of '78 their

Batch Clark and Cindy Campbell were crowned King and Queen of the Prom. The band, Max, played several songs, and the Junior Prom was a great success. Special thanks should go to the Prom Committee for their hard work and to the Elmira Heights Junior High School for their support.

BLOOD BANK

The 1977 Blood Bank was a big success. Although we did not reach our goal of 600 pints, 547 were collected. This was a national record for the year. The Advisors for the Blood Bank were Mrs. Dailey, Mr. Conklin, and Mr. Soborowski. Co-chairpersons were Alison Trupe, Paul McCloskey, and Jenna Wright.

What happens when you have an art-science show?

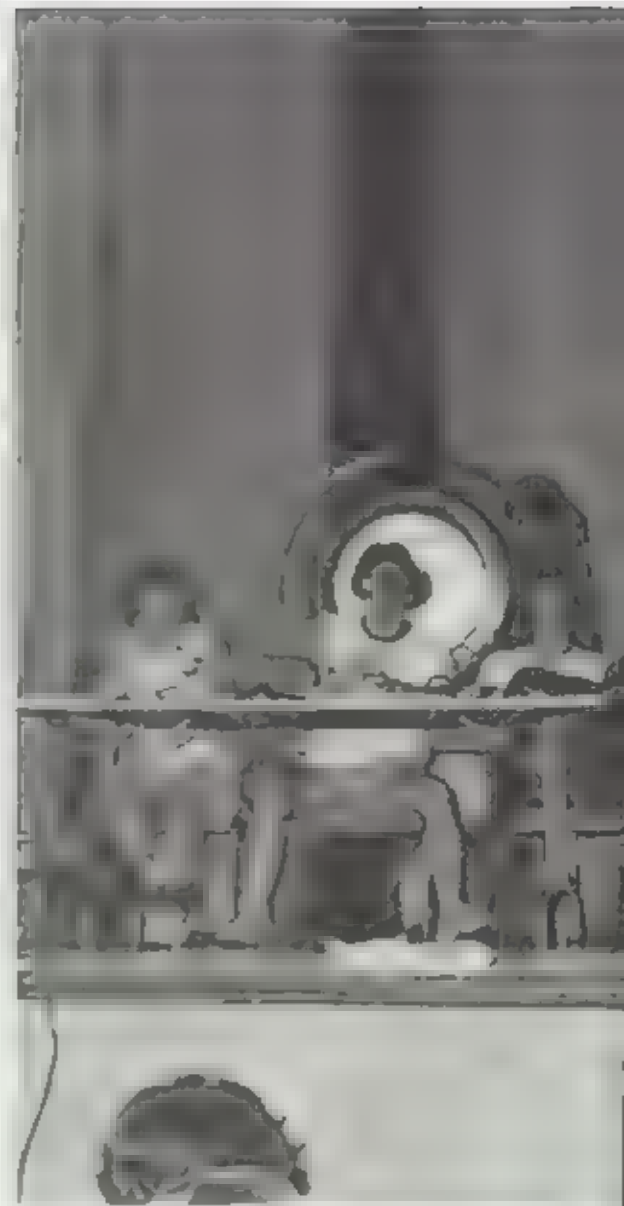

When you get the Art department, the Science department, and many Horseheads students together, you know something has to happen. It did last year at the annual March Spring Arts festival. The show was a combination Art-Science show and a parents night. It was held for all, young and old, to admire the artistic ability of many of our Art students and to watch them in action. The Science department had volunteer students re-enacting some of the more interesting Science labs. So, overall the parents and students had a lot of interesting things to look at, a good look at the High school, and saw what the students had accomplished.

The Class of '77 left Horseneads high with all the traditional flares. Senior Day was held on May 20, with a Senior Breakfast in the morning, car contests in the afternoon, ending the day with the Senior Spectacular, and finally, the distribution of yearbooks. That evening was the Senior Dinner Dance

Highlights of the Senior Spectacular were the Chamber Singers' interpretation of famous television commercial jingles (complete with choreography), Dave Claytor as "Basketball Jones," a take-off on "Charlie's Angels," and the ever popular boys chorus line. It ended with the dedication of the 1977 Equestrian to the students and staff by editor Ron Jautz

Callahan And Horigan Forever

Yes folks, forsaking numerous threats of retirement, the spirit of Saint Patrick's Day was too strong for Horseheads' famous duo, Horigan and Callahan, who for the seventh year in a row thrilled and amused a select few students at Horseheads High School. Singing and dancing during various parts for the students who were lucky enough to have a nice teacher that would take them to the Social Studies Resource Center, the great Irish performers drew the usual applause, laughter, and smiles. Hopefully the Dynamic Duo will continue to do their stuff each Spring. For without it, HHS would surely be missing something special.

Each year Youth County introduces high school students from throughout Chemung County to local government. About eighty Horseheads students participated in the 1977 Youth County. The two day event was sponsored by the American Legion and was held at the Elmira Heights Legion Hall. The first day was an introduction to operations of Youth County. Each of the party spent most of the second morning deciding on party platforms and choosing candidates for the several county offices. In the afternoon, all participants assembled for candidate's speeches and explanation of party platforms. The program ended in the mid-afternoon with elections of county offices and announcement of the winners.

SENIORS SET RECORD!!

The Class of '78 has set a record high for the year. Over \$52,000 worth of items were sold in the 11 days of the drive. Over \$4,000 more was brought in. The high salespersons were Kathy Somers with \$1,200 and Donna Ahrens close behind her with \$750. High homeroom 224 was

second. Thanks to everyone who sold their share of candy, magazines, bubble gum, ferns, locks, Prom tickets, and much more.

Thanks to Magazine Drive Chairperson Amy Rich and the entire Senior Class the Class of '78 has enough funds to provide a great Senior Year.

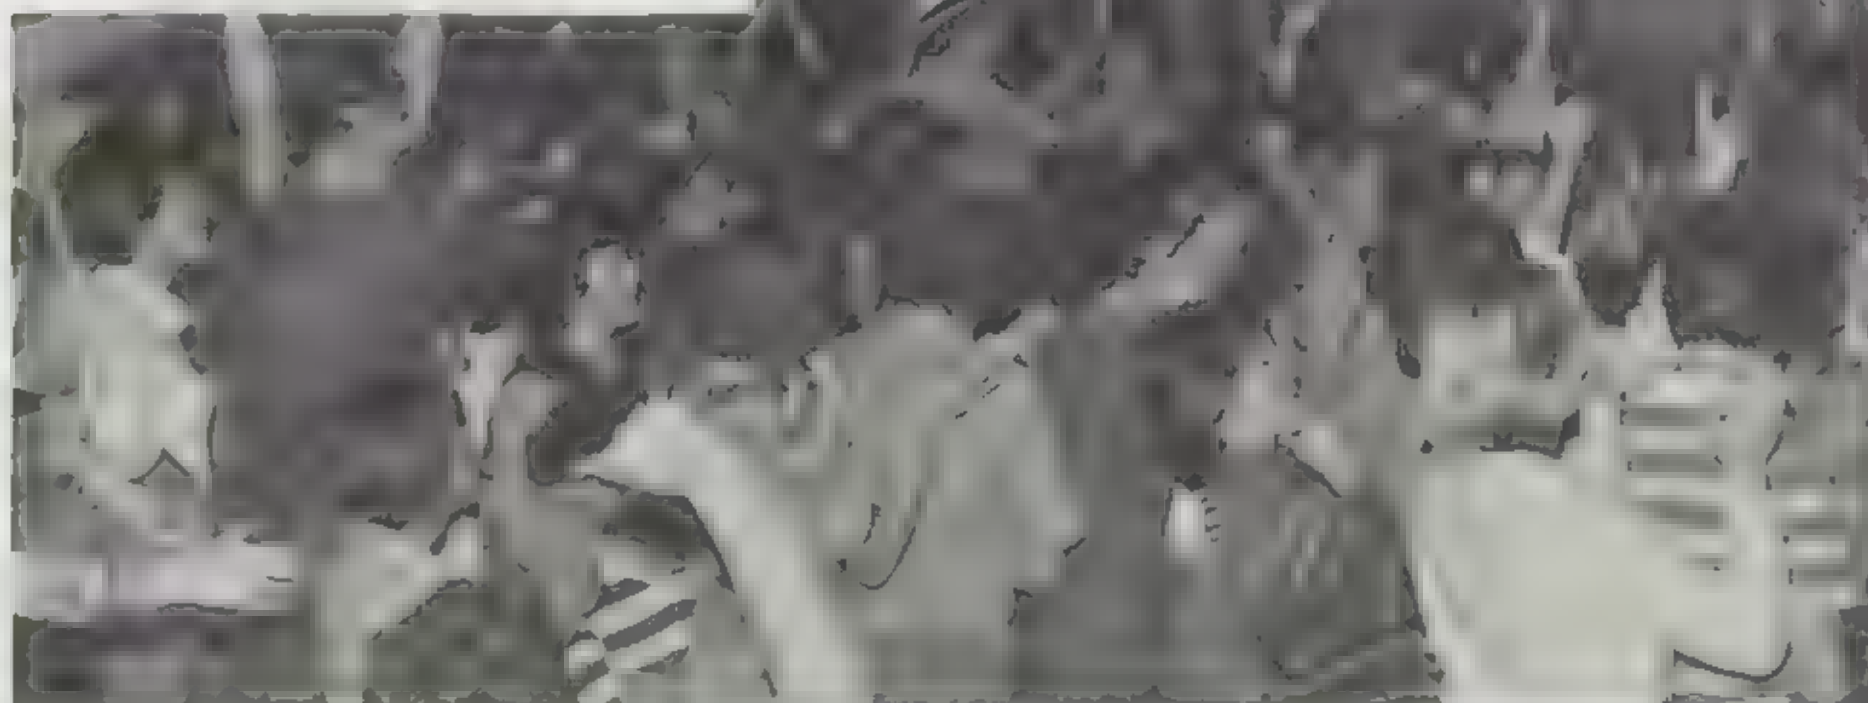

At the assembly, Carole Scherer and Kathy Somers clown around a bit, to get everyone ready to sell.

The display case by the main office shows off the top prizes for the drive. Outstanding prizes were skins, a stereo, contacts, a C.B. radio, a calculator, a portable T.V., and a cassette player.

Class officers Linda Young and Lynne Laubach enjoyed trying out the toys that were awarded to high sellers in the magazine drive.

The Pep Club consists of all the spirit fiends of Horseheads High School. This supporting organization is responsible for much of the cheering at our football and basketball games. A \$5 fee entitles each member to free transportation to all away games and free admission to all home games. The Pep Club is one organization that really shows the spirit of Horseheads High.

PEP ASSEMBLY

The first assembly of our school year was the rowdy pep assembly, a rivalry of classes showing school spirit. The juniors showed everyone up and walked away with the spirit award. Despite the rude behavior of a small portion of our student body who started fires and threw eggs, spirit was still held within each student.

CHRISTMAS ASSEMBLY

The return of the annual Christmas assembly turned out to be a big success at our school. The fine performances under the direction of Mr. Crupi, Mr. Gillette, and Mr. Rae, left everyone in fine holiday spirits.

It Doesn't Matter Whether You Win or Lose:

The 1977 Homecoming Dance was a hit, contrary to the homecoming game. Although we were a little down about losing our game, we kept our spirits and had a great time at the dance. The turn-out was great, and at one time during the dance, there was a shortage of seats. Many couples went out to dinner before the dance and did not arrive until later that evening. The band, Oasis, was a mediocre group. Some liked the music, but most did not. The biggest grievance was that the band took too many long breaks.

Mari Beth Corcoran was chosen Homecoming Queen from candidates: Sandy Cavaluzzi, Cindy Campbell, Julie Brewster, and Jeanne Simmons. This year's voting was quite close. Well, for those students who attended the Homecoming, they will remember it for years to come.

George Freeman and Kim Bedient seem to be having a good time.

JR. MISS

This year's Junior Miss Pageant was held on Saturday, December third in our school auditorium. Bruce Flaherty was the honored Master of Ceremonies. Horseheads High School participants were Valerie Buzas, Patty Peterson, and the winner of the event and the new Junior Miss, Judy Walp. Judged in poise, performing creative arts, and youth fitness, each girl did a routine for the judges. Valerie played the flute, Patty sang and danced, and Judy's singing performance won her the Performing Arts Award. She also won the Scholastic Achievement Award. Each girl also enjoyed all the fun and experience. The new Junior Miss smiled graciously for the camera bulbs.

"What I Did For Love" displayed Judy's fine talent which won her the Performing Arts Award. Patty Peterson is shown singing a selection from "Oklahoma." Judy Walp after being crowned the new Chemung County Jr. Miss.

Winter Club Parties

The winter of '78 was characterized by some of the biggest snow storms and the coldest weather in decades. Undaunted by the bleak conditions outside, the Horseheads clubs braved the elements enough to gather and celebrate such obscure holidays as Navidad, Saturnalia, Noel, and Weihnachten, with feasts, song and dance. Students from the Junior Classical League, International Language Club, and Audio-Visual Club partook in merrymaking while learning much about different cultures and languages. All in all it was a pleasant way to get together, meet new friends, and generally have a good time.

Clockwise from top left: Mrs. Conklin seems to be enjoying herself as the 'kiddies' make SATC like a rehearsal for Romper Room at a J.C.L. meeting. Papa Noel, a.k.a. JUST USE YOUR IMAGINATION

The Class of '78 held their Senior Ball at the Elmira College Campus Center on November 26th, from 8:00-1:00. A prime rib dinner started the evening off right. The theme "You Light Up My Life" was sung by seniors Kelly Kilburn and Michele Mosely. The remaining musical entertainment was provided by two excellent bands: Imagination, a primarily soft rock group from the Horseheads Holiday Inn Lounge, and Excalibur, from Rochester, who performed popular hard rock numbers.

At midnight, the coronation of Dave Reger and Terri Maxwell took place as

they were crowned King and Queen of the Senior Ball. The court consisted of Mari Beth Corcoran, Cindy Campbell, Theresa Hable, Butch Clark, Mike Manwaring, and Neil Scriven.

Everyone seemed to enjoy themselves, the music, and candlelight. The Senior Ball was the result of an all-out effort by the dance committees and everyone involved. All who helped deserve many thanks from the entire senior class. Also, as usual, Mr. Josbeno receives our deepest appreciation for helping us make our Prom a success.

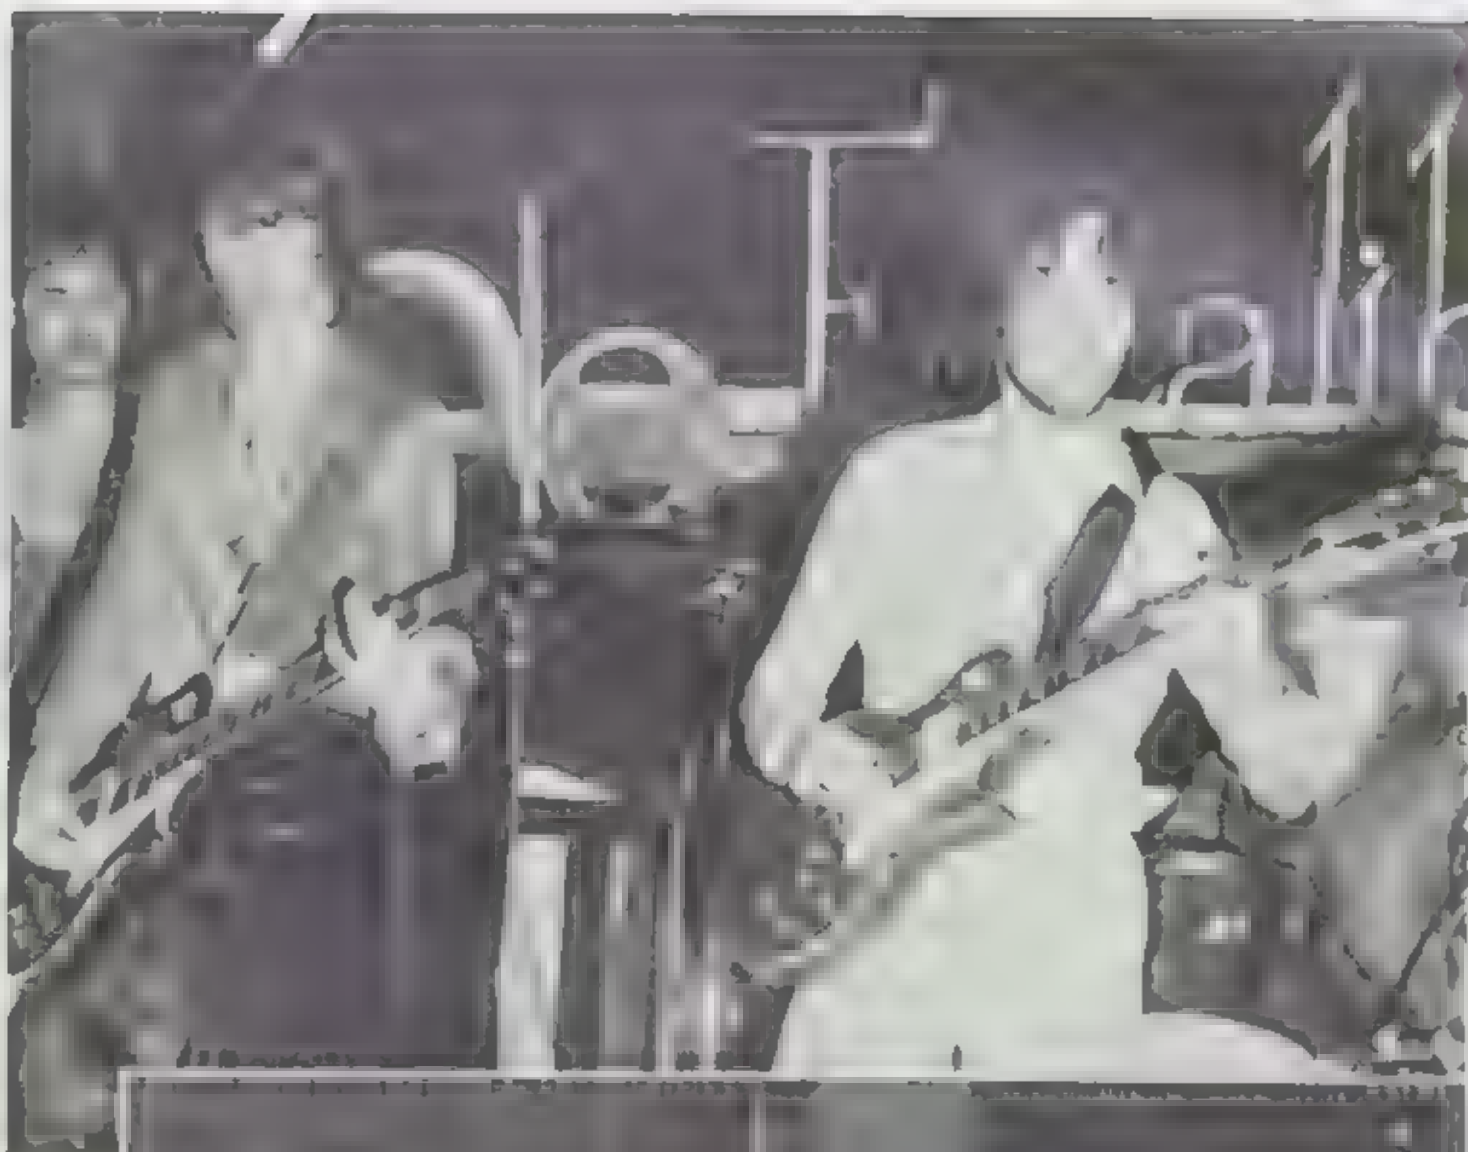

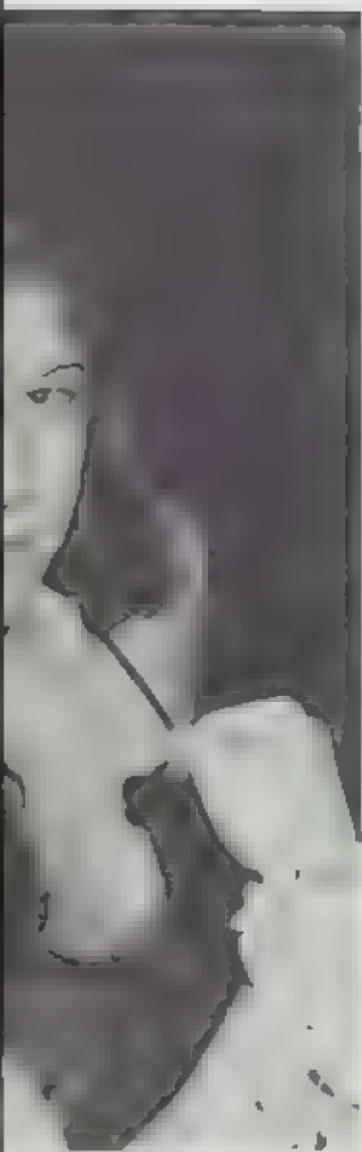

Dancing to the hard rock music of Excalibur was challenging, so most just watched them play.

Ski Club Enjoys the Blizzard

This year should have been a good one for the Ski Club. After all, the winter of '78 has accumulated more snowfall than Buffalo did last year. Incredible, isn't it? Well, those many skiers who braved the slopes each weekend must be commended. After all, how many of us would get up at 5:00 A.M. on a Saturday morning?

The winter of '77-'78 will be one which will not be forgotten for some time. Several major snow storms provided Horseheads with over 40 inches of snow. By late December we had already exceeded our quota of snow and by late January, Chemung County had enough snow for three winters.

The International Language Club is made up of active and involved language students. A major activity is St. Bonaventure Language Day in which our students compete with over 1000 language students in exhibits, dramatic presentations, singing, and dancing.

The club also sponsors a spring weekend in New York City to take in the UN, a stage play, and dinner at Mama Leone's. At the annual picnic in June the club pays for the hamburger and pop consumed during the day spent at the nearby park.

At the Christmas party, the club gives gifts to the foreign exchange students, and this year had a chicken dinner catered. Papa Noel also visited us.

At June graduation, the club gives a \$100 award to an outstanding language student.

An annual stationery sale and Easter candy sale provide the funds that the club needs to supply these activities.

Latin scholars are everywhere at Horseheads High School. Over 100 members sponsor dances and the student store to raise money for various activities. Beginning with the fall initiation of new members, the year offers a Halloween party, Saturnalia-illustrated evening lectures, and concludes with a Grand Roman Banquet. Affiliation with state and National Junior Classical League provides a fall festival and artistic, academic, and athletic competitions at state and national conventions.

STUDENT COUNCIL & S.T.A.B.

This year's Student Senate is a little different. In previous years students were elected by the student body, but this year there were just enough students who wanted to be senators so there was no election.

Along with the Student-Teacher-Administration Board, the Student Senate helps govern the school.

Row 7 Leslie Arduser.

The Greenroom players began this year with a great success "Bye Bye Birdie," a musical comedy, was received so well that all tickets were sold out. The play was a take-off on Elvis Presley played by Dave Reger. Bill Schockner, Judy Walp and a cast of about 100 made the play come alive. Bobby sox and greasy hair set the stage for the rocking 50's. Vigorous dancing brought excitement to all watching and the audience roared when Mrs. Westbrook, Mr. Soborowski, Mrs. Maloney and numerous other teachers added their own personal touches.

Three one-act plays will be presented next by the GRP's, directed by Mrs. Geer. They are: "The Apple Tree" a musical, comical play starring Steve Plummer as Adam, and Marge Connelly as Eve; "Riders to the Sea," a dramatical Irish play; and "Still Alarm."

The last production will be a play written by Mrs. McClain.

It was a weekend filled with racing, girls, parties, and, as always, mud. Practice and qualifiers for the big event proved to be as exciting as the race itself for the circuit lap record was shattered several times.

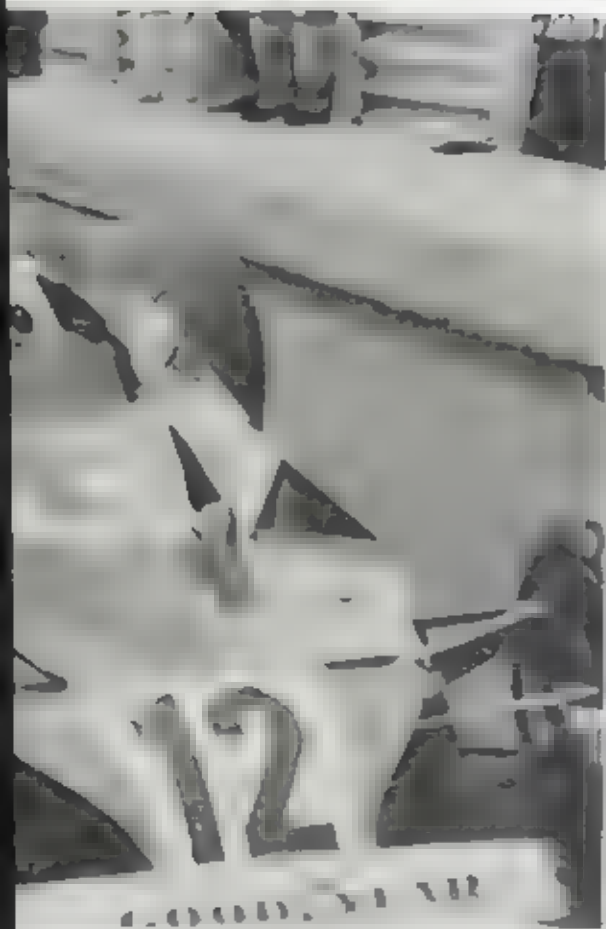

Notable persons attending the races were the Penthouse Playmates of the

Year, Paul Newman, Dick Martin, Tom Smithers, and many students from Horseheads High School. The nighttime activities were better than ever with the wild parties and the always active bog being the center of attraction.

Despite the rain, a crowd of about 120,000 showed up for the races. All in all, anyone who attended can tell you that it was well worth getting drenched to see the U.S. Grand Prix at Watkins Glen, New York.

Horseheads' National Honor Society is one of the largest organizations in the school as well as the area. To qualify for induction a person must fulfill the national standards of scholarship, service, leadership, and character. The most important standard of the four is scholarship. The standard for scholarship is that a student must have a ninety average or better since ninth grade.

The major events of the Honor Society are its induction in May and its Tutoring Program. During the induction, new members make their pledge and receive their membership cards. Juniors receive gold N.H.S. pins, and Seniors are presented with roses and gold tassels. This year the Honor Society is planning to give a scholarship to a deserving senior.

Junior Achievement

Junior Achievement's objective is to teach area students how a business is run. Students organize themselves into various groups, forming corporations which are sponsored by local businesses. They produce and sell certain products, sell stock to the community, pay salaries, and do things any business would do. At the end of the year, the corporations liquidate to find out exactly how successful their business was throughout the year.

CORNING ENGINEERING DAY

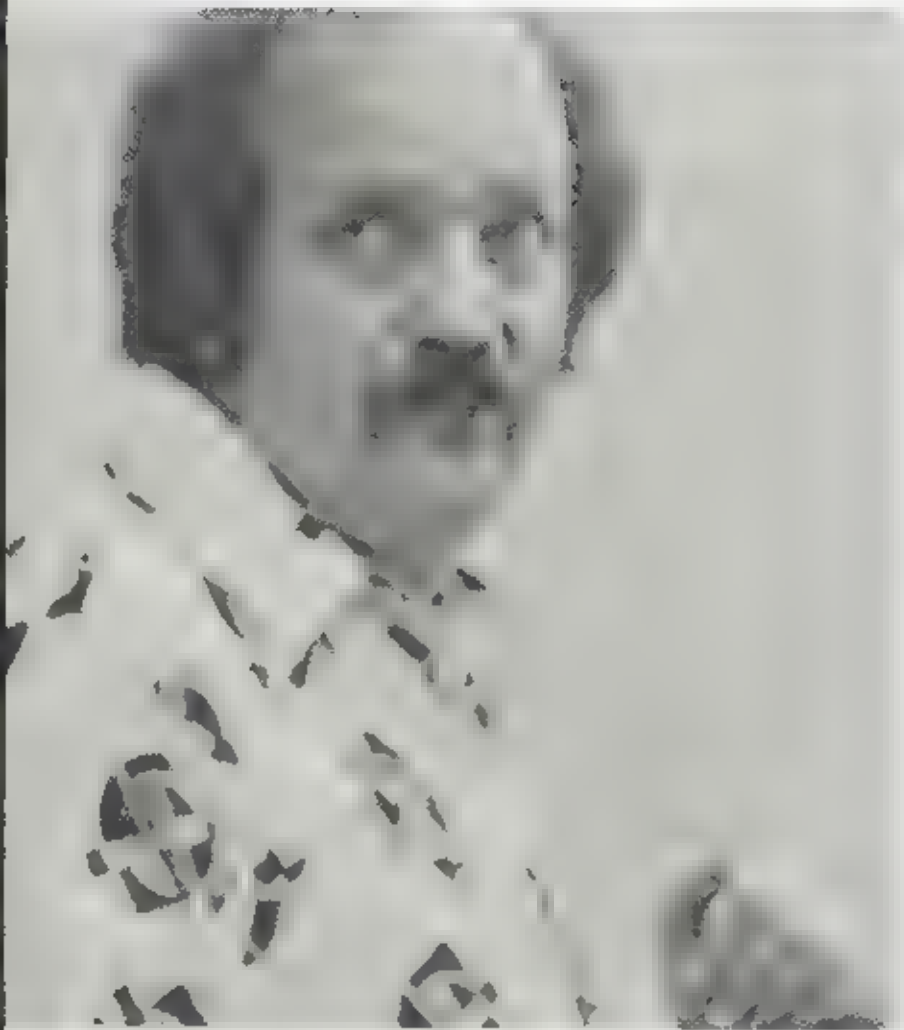

A seemingly important day in the lives of many of the juniors in our area is Corning Engineering Day. The schedule for the day begins with everyone meeting at the Big Flats Elementary to split up into tour groups. After everyone is in their respective groups, they leave for their tour to Corning Glass or the A and P. Plant or Schweitzers or Hickling Power Station or Westinghouse. After the tours end everyone meets at the Elk's Club in Hursheads

for a free lunch and a lecture on the importance of all engineers in the future

All in all, many students gained a greater insight into the profession of engineering but improvements could be made in future years by asking the students what type of engineering field they would like to major in and from their choice they could visit a local area which deals with that profession

Science Club

The Science Club is a little different this year than in past years. The difference being that there are two presidents. The reason for having co-presidents is that there were two elections held and both candidates, Don Lopata and Greg Paddock, tied both times. Rather than wait until the next election it was decided that there should be co-presidents.

The purpose of the Science Club is to make students aware of the many fields of science as well as to give them a better understanding of the progress of science and technology. This is done by having guest speakers talk on their field of science, by field trips, and also by a course in computer programming. Funds for these activities are provided by a raffle and also the sale of Fortran books.

Hegelian II vs. Equestrian

The 1977-78 "Hegelian II" newspaper got off on a slow start this year. To start with, they had no room, no supplies and two broken typewriters. Mr. Hembrooke helped out the staff by giving them room 205 to share with the radio club. After Mr. Knowlton and some members of the radio club cleared out the room, and a few tables and the broken typewriters were moved in. After Mr. Hembrooke had the typewriters repaired, the show was on the road. After some minor de-

lays, the first issue was distributed about the middle of January

The second issue did not take as long, due to the urging of Advisor Mrs. Fensom and Editor-in-Chief Patty Burns. In spite of their hatred for us of the yearbook staff, and the piece of satire about us in the first issue of the "Hegelian II," we want to thank the staff for their reading material, for we are not ones to bear grudges. We only wish the staff of next year's newspaper better luck

BOY'S AND GIRL'S STATE

Boys' and Girls' State is a week long event, even though it is in politics and government. Politics is the basis of this nominating convention which is held on a college campus. The faculty chooses the delegates, and every high school in our state is represented. A thousand boys and girls for a week, speak to state officials listen to speeches, run for public offices and work in a mock government. This worthwhile organization offers an experience in politics as well as an experience in meeting new people.

STAR WARS

A long, long time ago, in a galaxy far, far away, Luke Skywalker, Darth Vader, Princess Leia Organa, C-3PO, R2-D2, Han Solo, Chewbacca, Grand Moff Tarkin, Obi-Wan Kenobi, Stormtroopers, Jawas and Sandpeople were names of people and things well-known to everyone in the universe.

Until recently, when George Lucas uncovered the story and wrote his book, everyone had pretty much forgotten about the Old Republic, Jedi Knights and Imperial Forces. From George's book came the movie. Twentieth Century-Fox made an all-out attempt, using incredible special effects, and came up with a movie that did justice to the adventures of Luke Skywalker.

The flick is as captivating as a cowboys and Indians' movie with the simple theme that good always triumphs over evil."

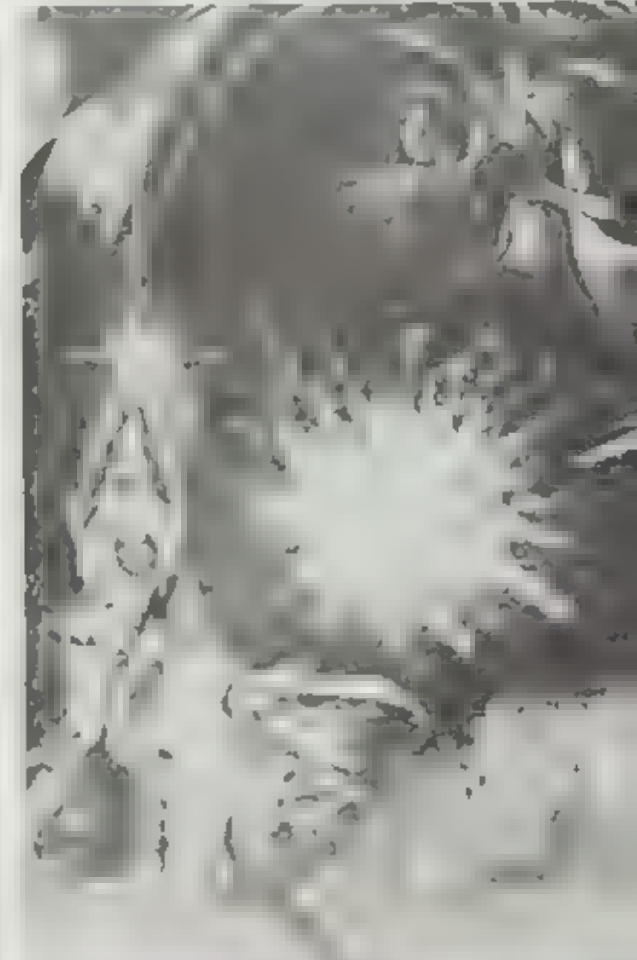

From the movie, a Star Wars craze has developed. Star Wars' T-shirts, guns, music and dolls are all products from this great film. And who knows? Maybe the next thing they'll come up with is a Star Wars television series.

Outstanding performances were given by Mark Hamill, Alec Guinness as Obi-Wan Kenobi, Harrison Ford as Han Solo, and Carrie Fisher as Princess Leia.

Our own polls reveal positive responses from everyone who has seen it. Star Wars, the monster hit in the box offices, will definitely be a contender for "Best Movie" at the Academy Awards.

"Now, that is pretty stupid. I don't see what belt buckles have to do with our yearbook."

Take it easy now. This is nothing to get excited over. Sometimes yearbooks have a few extra pages that don't have any true meaning. When we make a page like this, we have two options:

- 1.) Leave it blank
- or 2.) Use stupid ideas to fill up the page

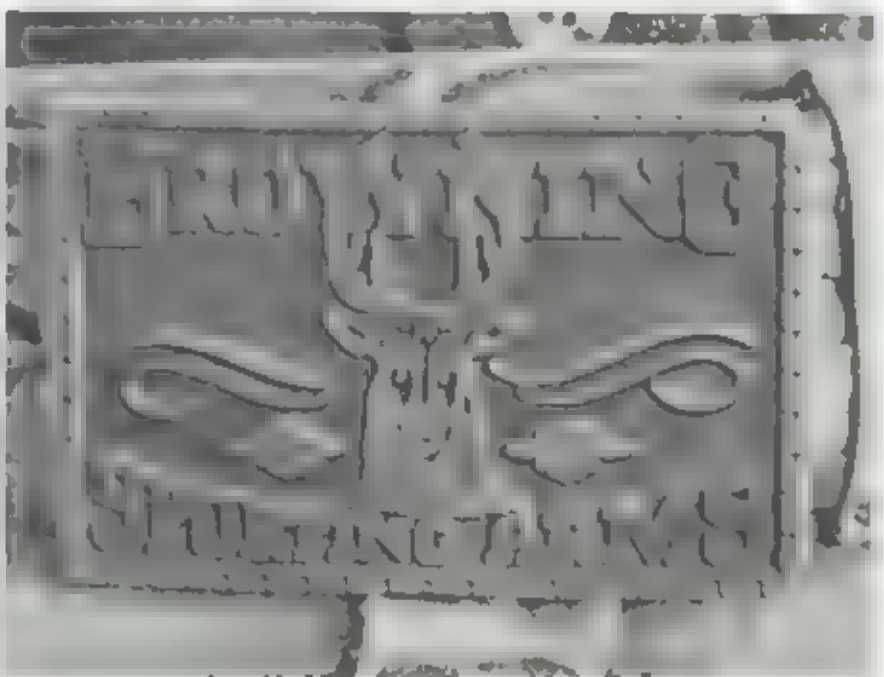

The stupid idea that won recognition on these pages is belt buckles. If any of you object to these pages, just tear them out of this book, throw them into the nearest forest-fire, and forget you ever saw them.

The Boy's Tennis Team, led by seniors Andy Barnett, Dan Palmer, and Steve Bailey, improved immensely over last year's record. They finished the season this year with a 5-8 S.T.C. record. Leading the senior squad was Andy Barnett who played second singles and first doubles, followed by Dan Palmer who played third singles and second doubles, and Steve Bailey in either first or second doubles. Their new coach, Mr. Emmick, will be sorry to see these boys leave, but with only three seniors leaving a squad of five juniors and five freshmen, he has good reason to look forward to next years' competition with confidence.

close but no cigar!

The 1977 Boy's Track Team had some tough luck last year, just missing the S.T.C. championship by 1 point. The beginning of the season was marked by close victories over E.F.A., and Notre Dame. The Raiders then turned their sights to the big meet against Coming East, who handed them their only defeat of the season. The only hope for Horseheads was that E.F.A. defeat East. This dream failed to materialize. Horseheads finished a close second under first year coach Carl Gross.

The loss of graduating seniors: Bob Adam, Paul McKibben, Dave Beyler, Ron Jautz, Steve Kremer, Rich Thomson, Jon Wright, and George Cunningham, will leave the Blue Raiders vulnerable in a few events, but overall this is a strong young team.

LACROSSE

In the spring of 1977, something new was beginning in Horseheads High. This new arrival was the sport of Lacrosse. The turnout for this new sport was tremendous. This spring, a few more will try to participate in this very rough game. Hopefully, after all the hard work that many guys went through trying to understand and play this sport, Horseheads High will have another winning team in the school. The Horseheads J.V. Football team ended a winning season with a 6-2-1 record to tie with Southside as the S.T.C co-champs. Though they had a slow start, hard work brought them back to share the division title.

A strong defense shut-out one team, and kept five other teams down to one touchdown or less.

Quarterback John Oprysko, and leading rushers, Steve Lucarelli, Todd Palmer, and Steve Cordier, sparked the J.V. offense which scored 129 points for the season.

Outstanding Special Team effort was accomplished by Mike Wolf who blocked three punts and made one touchdown. Chris Whitson also contributed with an 80 yd. touchdown return.

It is said a football team does its best if it has spirit and team work. Coaches Moffit and Carney proved this fact by coming through with a winning team.

John Oprysko calls the signals in the game against E.F.A. Horseheads won 7-0.

The end of the Southside game was a joyous moment for the squad as they won 14-12.

The 1977-1978 season was a long one for the Varsity Gridders at Horseheads. Finishing with a 1-8 record, the team failed to lose only to Corning West early in the season. The team had a great deal of talent, led by seniors, Mike Sobkowsky, Bob Minotti, Bob Cox, Art Clark (Quarterback) and Brian Bradley, they just couldn't get it together out on the field. Despite the disappointing record they never gave any team an easy game, and with a few exceptions, the game was never over until the final gun had sounded.

With only nine seniors graduating, and a strong group of Jayvees moving up, Horseheads promises to be a strong contender in the ensuing years to come. Still, neither Coach Costello, nor any member of the team is sorry to see this season end. . .finally!

3rd consecutive S.T.C

The 1977-78 Blue Raider Volleyball team went undefeated for the second year in a row. Finishing the year with a win-loss record of 14-0, the girls captured their third consecutive S.T.C. championship and tallied a three year total of 30 straight victories. Although many of this year's starters will be lost to graduation, Coach Skidmore is very optimistic about her team's continuing success and dominance in the S.T.C. in the years to come.

The 1977 Cross-Country team may have looked good, but, on the contrary, they finished their season with a 4-6 record. This dropped Mr. Weber's coaching record to 1-1. EFA handed HHDS their only two defeats of the season.

At the EFA Invitational Swim Meet this year, HHDS took 3rd place with only three swimmers.

Lisa Louselle was the only record holder this year taking the pool and team record in the 50 freestyle and the team in the 100 yard butterfly.

With only five seniors graduating this year, Coach Cruttenden is optimistic about an STC championship and perhaps another undefeated season.

Clockwise from top of page 80: Angie Arcovio, a member of the team, prepares to do a back dive. Angie joins diving comrades Diane Strauser and Debbie Hughes for pre-meet limbering up exercises. Lisa Louselle tucks for a quick start in the fifty freestyle race.

GIRLS' TENNIS

The girls' tennis team had an outstanding season this year, with the possibility of an S.T.C. championship until the last game. However, they ended the season tied for second place with Corning East. Coach Ritch says, "It was the most successful year the girls' tennis team has ever had."

Although four of their top players, Terri Maxwell, Shelly Kun-icky, Karen Sabran, and Kathy Wolcott, will be graduating this year, Coach Ritch believes that the upcoming members show a great deal of promise.

Karen Sabran displays intense concentration as she follows through on her volley. Standing ready at the net, Joan Chen waits for Kathy Wolcott to serve. Reaching for a low corner shot is Kathy Wolcott.

SOCCER OUTSCORES FOOTBALL!!

The Blue Raider Varsity Soccer Team presented retiring coach Grinnell with a regular season record of 12-4-2 for the 1977 season. Horseheads was the best team in Chemung County and entered the sectional play-offs as the 5th seeded team. Horseheads defeated the no. 12 seed, Norwich, in the opening round, but lost to no. 4 seed, Maine-Endwell, finishing the season 13-5-2.

Thirteen Raiders chipped in for a school record of 72 goals. Team captain and 1977 team M.V.P., Eugene Ungvasky, led the team with 23 goals, closely followed by junior, Avni Cirpila, with 22. Ungvasky's 23 goals were 1 shy of the school and county record of 24.

Goalie Steve Paine anchored the steady defense that held opponents to 2 goals or less, including 3 shut-outs! It was also the first year that a Horseheads team went the entire season without being shut-out.

Although losing Mark McKibben, Ron Seymour, Dirk Zuschlag, Greg Olympia, Harry Shepard, Mike Read, John Schullinger, Buzz Johnson, Steve Paine, Mark Angolia, and Eugene Ungvasky to graduation, the solid program established by Coach Grinnell should produce even better teams. New head coach Joe Karabaich will have a strong team next season, from the returning 1977 squad members, and upcoming J.V. squad members.

The 1977 captains were: 1977 MVP striker Eugene Ungvasky, halfback Harry Shepard, and 1976 team MVP, captain, and All-S.T.C. fullback, John Schullinger.

Indoor Track

Here we have a most impressive collection of athletes. These track and field stars of the future work on their forms throughout the winter season in anxious anticipation of the spring. Led by New York State record holders Patty Frost and Garry Boyer, this team has compiled a tremendous amount of talent. Also don't overlook Regina Butler who holds a Section 4 record in the shot put.

These dedicated track people are molded by Coach Bob Kunath, who is responsible for the formation of an indoor track season here at Horseheads High. These pages do little to give the much lacking credit to a sport that is often removed from the limelight of high school sporting events.

Varsity Cheerleaders

If a spirit award were to be given to any one group of Horseheads High School students, our cheerleaders would be the uncontested winners. Who else would stand out in the snow or travel to hick towns like Wayne to cheer on our basketball team? They continue their cheers with the same spirit as if each game were a sectional championship—even when we have a twenty point deficit. So next time you see a cheerleader in the halls, stop and be proud!

BASKETBALL TEAMS IN THEIR!

This year's Boys' Basketball team, although off to a slow start because of a poor turnout, seems to be coming into its own now. Under the able leadership of Coach Chamberlain, the team has hung in there against tough opposition. At the time of this write-up, Horseheads was third in the S.T.C. Capitol Division race behind E.F.A., whom they had recently defeated. The team had plenty of talent in the sharp shooting of D.J. Holling, and the steady rebounding of Mike Sobkowsky, as well as depth in its underclassmen. Jon Chamberlain and Bob Moore are very promising sophomores and Lenny Limbacher and Ed Brown are valuable juniors. When Coach Chamberlain had to go to his bench, players like Augie Pasquale, Greg Cole, Hal Wacenske, and Dave Minotti responded admirably. The team has much to be proud of and the Equestrian Staff wishes Coach Chamberlain and his team luck in the rest of the season.

Augie Pasquale gives his Corning East counterpart the 'Evil Eye' and sends him reeling back. Augie went on to score and Horseheads went on to its first win in two outings.

J.V. Basketball

Winning 7 games and losing 11 made this a disappointing season for the JV basketball team. However, if success is to be measured by the obstacles one has to overcome then Coach Emmick and the JV team can be proud. Just after the first game, three of their most promising prospects were moved up to varsity. In spite of this, the team continued with enthusiasm and a strong desire to win. Best of all, the team learned from one of the best, Coach Emmick.

Girls Basketball Has Fine

Keeping up with tradition, the 1978 Girls' Basketball team was a strong contender for the STC championship. At the time of this writing, the girls were tied for first place with Southside. The title will be decided after a play-off is scheduled.

The team, under the leadership of Coach Gigliotti finished the season with a record of 9-2 and was ranked fourth in Section 4, ahead of all other Elmira-area schools. Leading the team was scoring whiz Marge Tremaine, whose outside shooting and accuracy from the foul-line was the scourge of the opposing team. Helping Marge under the boards were seniors Mary McLain and Kathy Somers. After the graduation of seniors Mary McLain, Marge Tremaine, Kathy Somers, and Jackie Berry the team will rely on underclassmen Kim Grinnell, Kathy Hull, Julie Mattison, Betsy Hull and a strong group of reserves. Coach Gigliotti should have continuing successful seasons in the coming years with the fine group of talented young women he has returning to the team. The Staph of the Equestrian wishes these girls continuing success. P S They won the play-off'

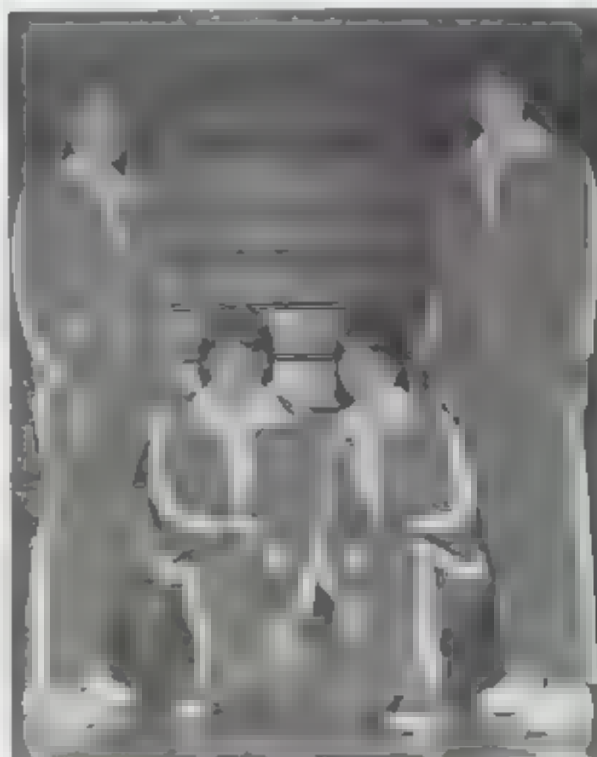

Clockwise from page 95. Despite the efforts of the Southside defenders, Marge Tremaine shoots the ball up for two. Coach Gigliotti advises his team during a time-out. Kathy Somers shows frustration while her teammates seem to be inventing a new dance with the Southside team. Kim Grinnell sinks a free throw in the game with ND. Mary McLain takes the ball up for an easy bucket on one of HHS's many fast breaks.

Varsity Wrestling

The wrestling team this season continued its winning ways by finishing with a 8-7-2 record. This is the youngest team ever in the history of Horseheads Wrestling and things look bright for the Blue Raiders for the next two seasons.

Outstanding performances were turned in by Capt. Randy Ring who led the team with 52 points. Another standout was Junior John Pelchy who finished with a 20-2-2 mark, included in these victories were championships in the E.F.A. and S.T.C. tournaments.

Seniors who will be missed next year by Coach Palmer are Harry Harvey, Bob Bannister, and Randy Ring.

JV Wrestling is often overlooked as Varsity gets most of the recognition. Unfortunately for all the JV participants and supporters, that is the way things go in life (and sports in particular). The junior varsity season did go well as they wrestled their way to a winning season. Though Coach Keenen and the rest of the team are not often noticed, they do their best to cope with a tough sport.

J.V. Booters Get Four Per Game

The Horseheads Blue Raider J.V. Soccer team finished the 1977 season with a winning record of 10-3-2. It was a fine year for the team and for the new head coach Warren Conklin. The offense had a good year, scoring a total of 55 goals in 15 games, for an average of nearly 4 goals per game. Joe Bruns, led all scorers with 16 goals, followed by Tom Mike with 10. Doug Morss led the team in assists. The defense was strong also, led by fullback Mark Campbell, who was voted this year's Most Valuable Player, and by Jim Hallenbeck, who had a terrific year as goalie. Congratulations to coach Conklin and to all team members for making the 1977 season successful.

Swimmers Set Record!

This year's Boys' Swim Team continued their winning ways. Finishing the year with a record of 15-2, they ran their win streak to 59 to set a Twin-Tier all-time win-streak record.

In an effort to upgrade the team's schedule, Coach Skidmore had the team swim two of the powerful Binghamton schools. Johnson City snapped the Raiders' win-streak with an 87-85 win at the Johnson City pool. Union-Endicott gave Horseheads its second loss for the year the next day, by a score of 88-84. However the swimmers, being the well coached team that they are, bounced back and won their remaining meets, including a 93-79 avenging of their defeat to the Wildcats.

This year's team is one of the youngest teams ever at HHS, and by far the best. This year's team broke 90% of the existing team records and 70% of the pool records.

Only six seniors will leave the team this year. Doug Ahrens, Dave Alden, Rob Farmer, Bob Neil, Scott Selby, and Greg Wensman. The team will rely heavily on its terrific depth. Promising underclassmen include: Charley and John Friend, Colin and Kevin Chaffee, Shawn Toffolo, and Ken Cundy. The team captain this year was double pool record holder, Rob Farmer. Coaches Skidmore and Crutten-den have much to look forward to in the future.

Golf Team

This years Horseheads Varsity Golf team outplayed their opponents enough to capture their third consecutive S.T.C. victory. Led by top players Jeff Manser and T.J. Wallis, they marched over all S.T.C. competition until they were tripped up in the last match against E.F.A. Coach Merritt is especially pleased with this teams' avengence of their streak-snapping defeat of the Waverly Wolverines by a score of 34-21 and 36-19

The team lost the graduating seniors T.J. Wallis, Jeff Manser, and Dave Van Allen. Despite this heavy strain on the team, H.H.S. is still destined to be a golfing power

Academics

Can you imagine what school would be like with a full day of math, English, social studies, and science? Fortunately, Horseheads has many other classes which differ from the daily routine such as choir, band, or even a half-day of BOCES.

So, turn to the following pages to get a closer look at some of the new or more interesting classes.

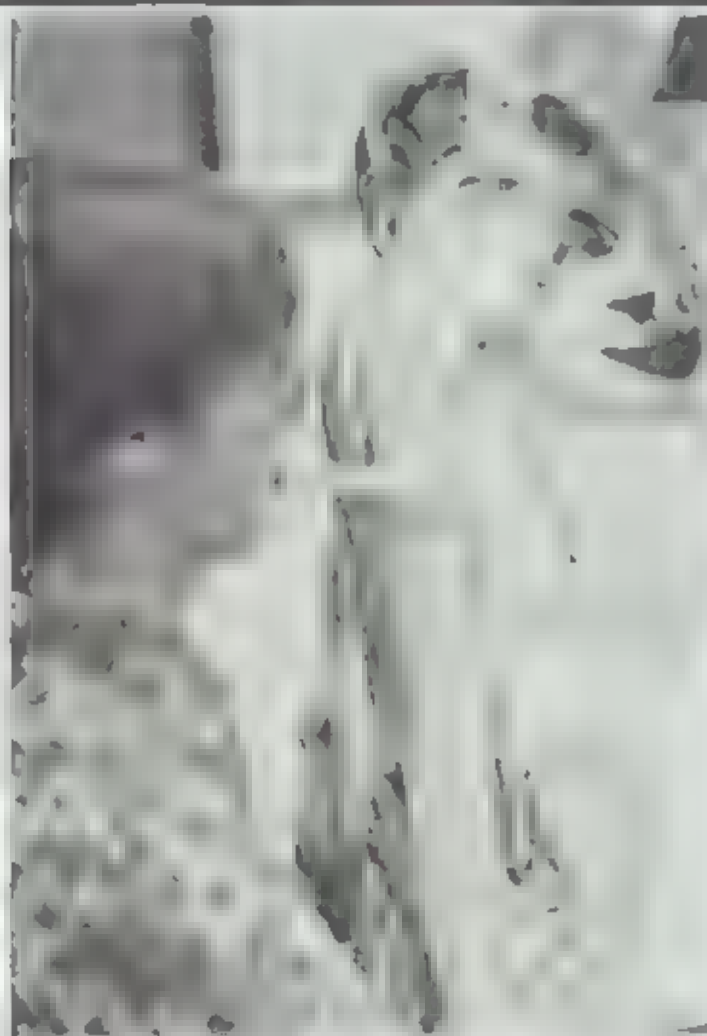

One of the people who work in the two computer labs in Horseheads was Mr. Soborowski. He also teaches the Computer Math course to a group of seniors who had time in their schedule.

The Senior Choir takes a break during rehearsal.

Mrs. Warters helps one of her Home-Ec. students pin a project together.

Practicing for an upcoming concert is Dave Cinklin.

Apathy Club

Due to lack of interest, the names have been omitted.

This year's Apathy Club had the most members of any other organization in our school. Most members of the Apathy Club were on the yearbook Staff, which may explain a few things. Yes, apathy ... apathy everywhere and nobody but nobody cares. To all the members of this elite club, we here at the Equestrian salute you. In addition, we hope that someday, scientists will discover a cure for apathy, even though no one will care.

The Majorettes of Horseheads High School are talented and dedicated people. They are always out there on the football field twirling at half-time with the band.

Computers at HHS

Computers have finally been brought to the Horseheads High School. In August, 1977, two computer terminals (now connected to the Binghamton Computer) were installed here at the school. We received the terminals through a generous grant from Corning Glass Works.

One of the terminals, which is operated only by the students taking the computer math course, is located in the Math Resource Center. The other is in the Guidance Office, this terminal is open to all students for finding information on different colleges.

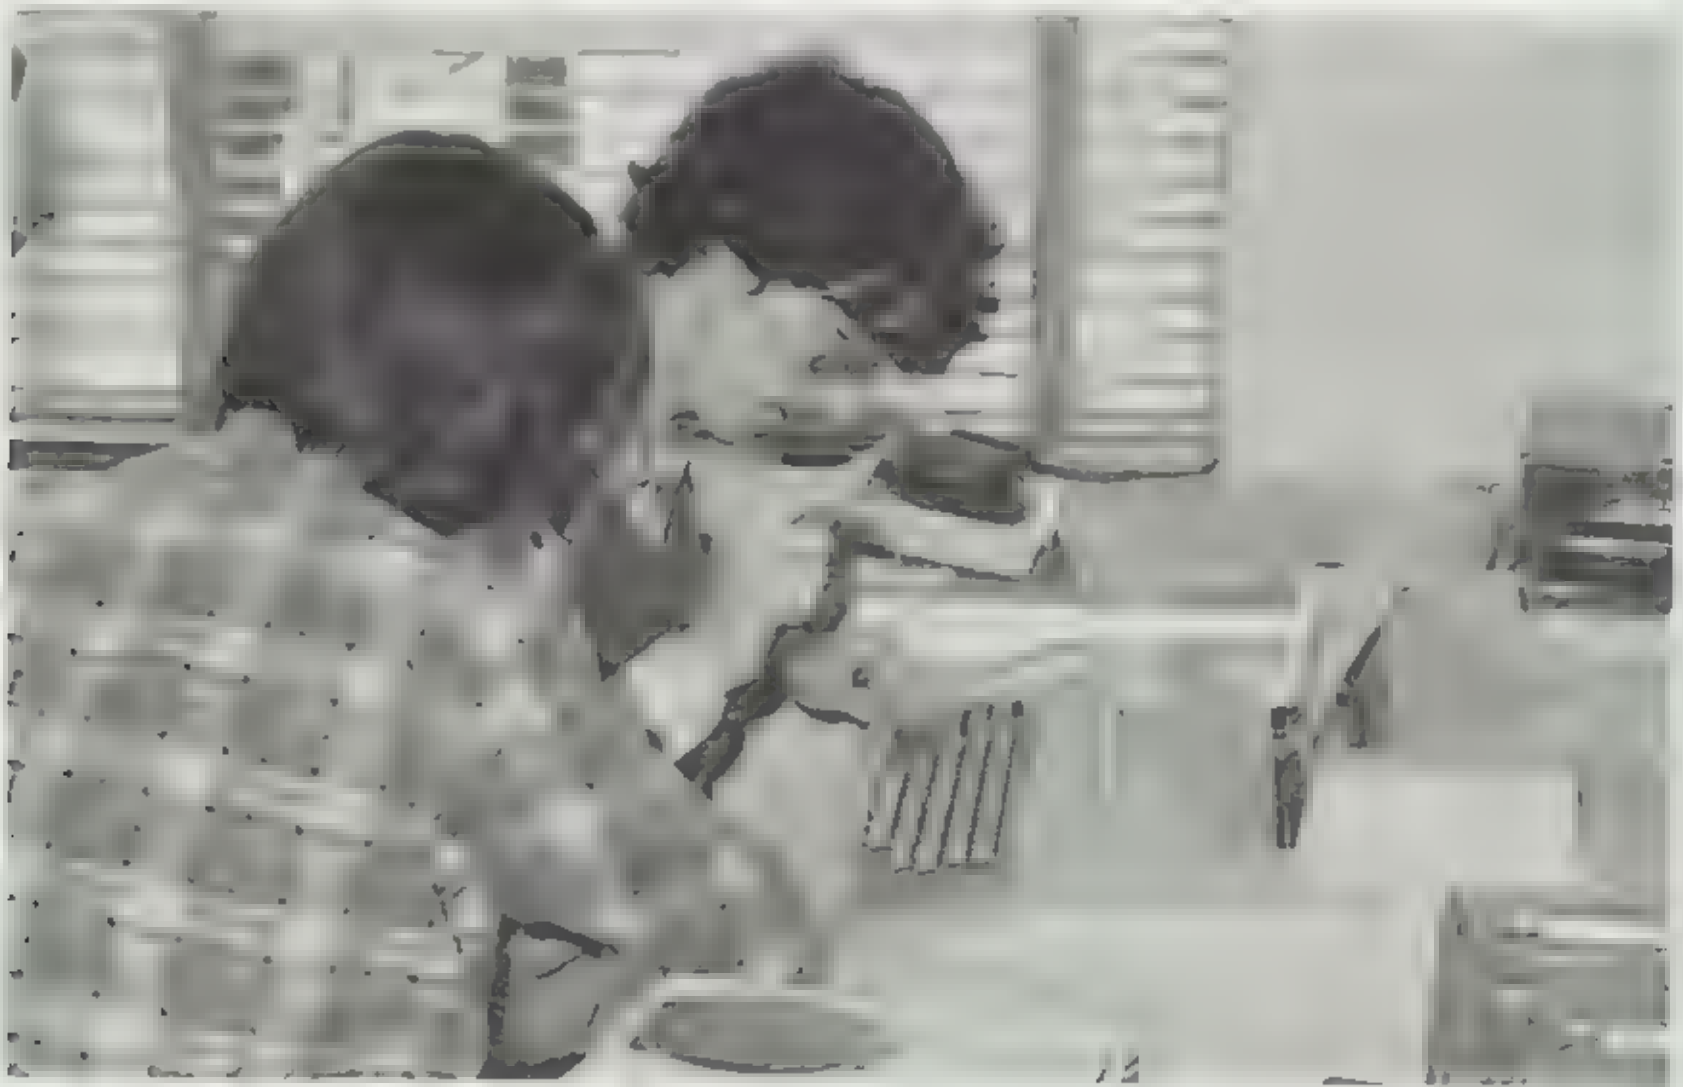

Because of the lack of teachers with knowledge in computer programming only one class was held. The students for this class were chosen by the Guidance Counselors during summer vacation. They are students who they thought would be interested and able to take the course. A limit of 20 students was placed on the class by Mr. Soborowski, teacher of the computer math course.

Hopefully, in the future, Horseheads will be able to get more terminals which would allow more computer math classes.

Mr. Soborowski attempts to program a computer as far as possible.

Dave Lepensky seems anxious that all Chris Johnson's programs will run correctly.

Boces Computers

Although computers are relatively new at Horseheads High School, they have been part of the Boces complex for some time. The Boces computers are used for many practical uses as well as for training purposes, and are, therefore, somewhat more complex than our terminals.

With some luck, Horseheads High may be able to obtain, in the near future, computer terminals with the sophistication of the Boces equipment.

Senior Officers

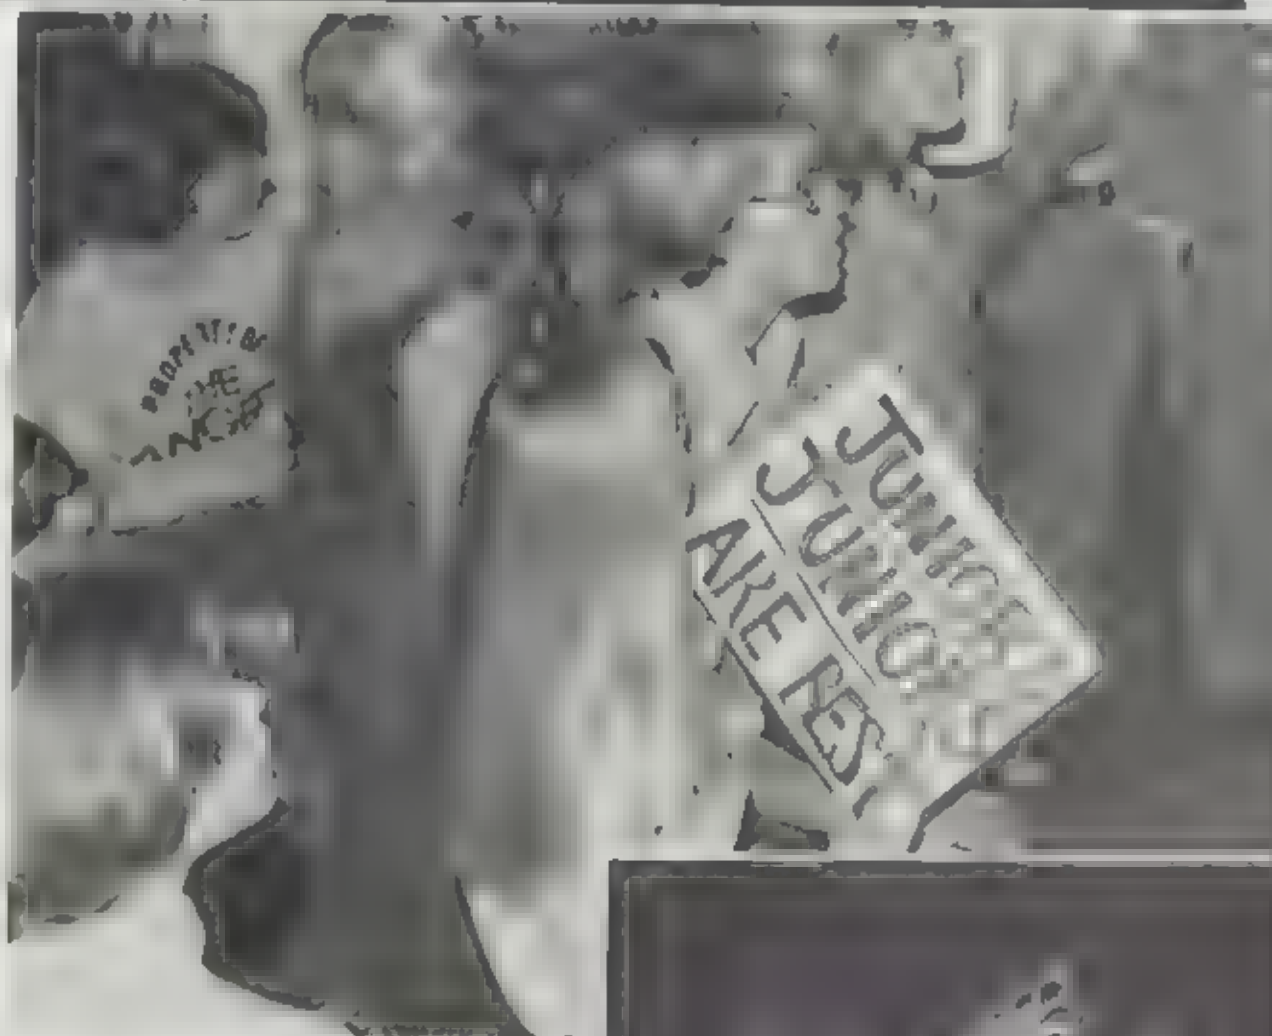

This year's Senior Officers did a noteworthy job on the activities that kept the seniors pre-occupied so as to prevent an overdose of school work. From magazine sales to the blood bank, our officers were in there doing their jobs. Of course, one must give many thanks to Mr. Josbeno without whose devotion we might not have gotten as far as we did

Seniors and Underclassmen

Who has made Horseheads a competitive school in sports as well as academics? It is each and every student who gives up part of his free time to participate in a club or sport. It is they who have made Horseheads great and we all should be proud of them.

During the pep assembly, the Junior class presented the Seniors and the Sophomores with a letter of appreciation for their support of the school.

King and Queen for the Senior Ball were Dave Reiser and Terri Maxwell.

SENIORS

THE CLASS OF '78

The Class of '78 started this year out with a record breaking magazine sale. High salesperson was Kathy Somers who sold over \$1200 in subscriptions. Second highest salesperson was Doug Ahrens with \$750.

The Senior Ball was held at the Elmira College Campus Center from 8pm. to 1 am. Dinner was promptly served at eight with prime rib as the main course. For the first time ever there were two bands. Imagination played soft rock music throughout the night and Excalibur provided hard rock music between Imagination's breaks.

Administration and Faculty

The Faculty of Horseheads has a tremendous responsibility. It is their job to prepare students for the outside world. Although some are disliked by many students, most do their job and some even make classes enjoyable. As for the Administration, considering the fact that they have to keep track of over 1600 people, our principals do everything for the benefit of the students.

Our Faculty should really be more appreciated because it is they who have given Horseheads one of the best academic programs in the state.

Rob Farmer and Don Lopata find it hard to do work when teachers like Mr. Horgan break into the Yearbook room to look at the girl of the week pictures.

Although Mrs. Knowlton does give time for her students to do her homework in her class, most spend that time talking or studying for tests in other classes or doing homework for other teachers.

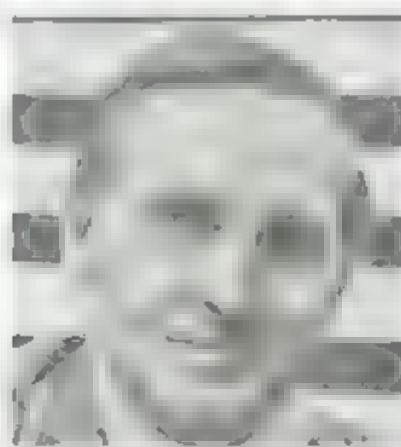

Mrs. Kelly tries to convince her students that French isn't that hard to learn.

The Spirit Assembly this year was won by the Junior Class. Mr. Moffit, Mr. Mortimer, and Mrs. Waters judged this event

Administration

At the head of this massive conglomeration of humanity we loosely call a school, are three people who have been affectionately referred to as the administration. We will not mention what they are affectionately called because if we did, this page would never be allowed into the yearbook. These people, who have previously gone nameless, are Mr. Hembrooke, Mrs. Colburn and Mr. Hillman. Throughout the school, these three are called upon time and time again to make decisions, some of them are correct. Well, the Three Musketeers they're not, yet they do keep the school running smoothly and efficiently. Whether we want to admit it or not, we are in their debt for the years of service they have given us.

Clockwise from below Mr. Hillman, Mrs. Colburn Mr. Hembrooke.

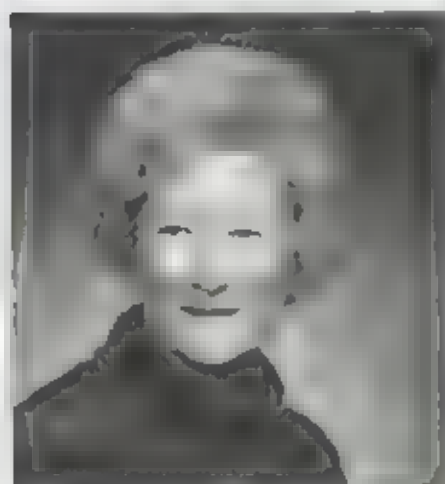

Guidance

The Guidance department is of the utmost importance to the students of our hallowed halls. The Guidance Office is the place to go when you detest your schedule. Consequently, it is one of the most crowded places in the school. However, our tireless counselors work diligently to aid us in our choices of colleges or fields of study. Yes, this office of pain and suffering is where we go in as confused sophomores and stagger out as bewildered seniors.

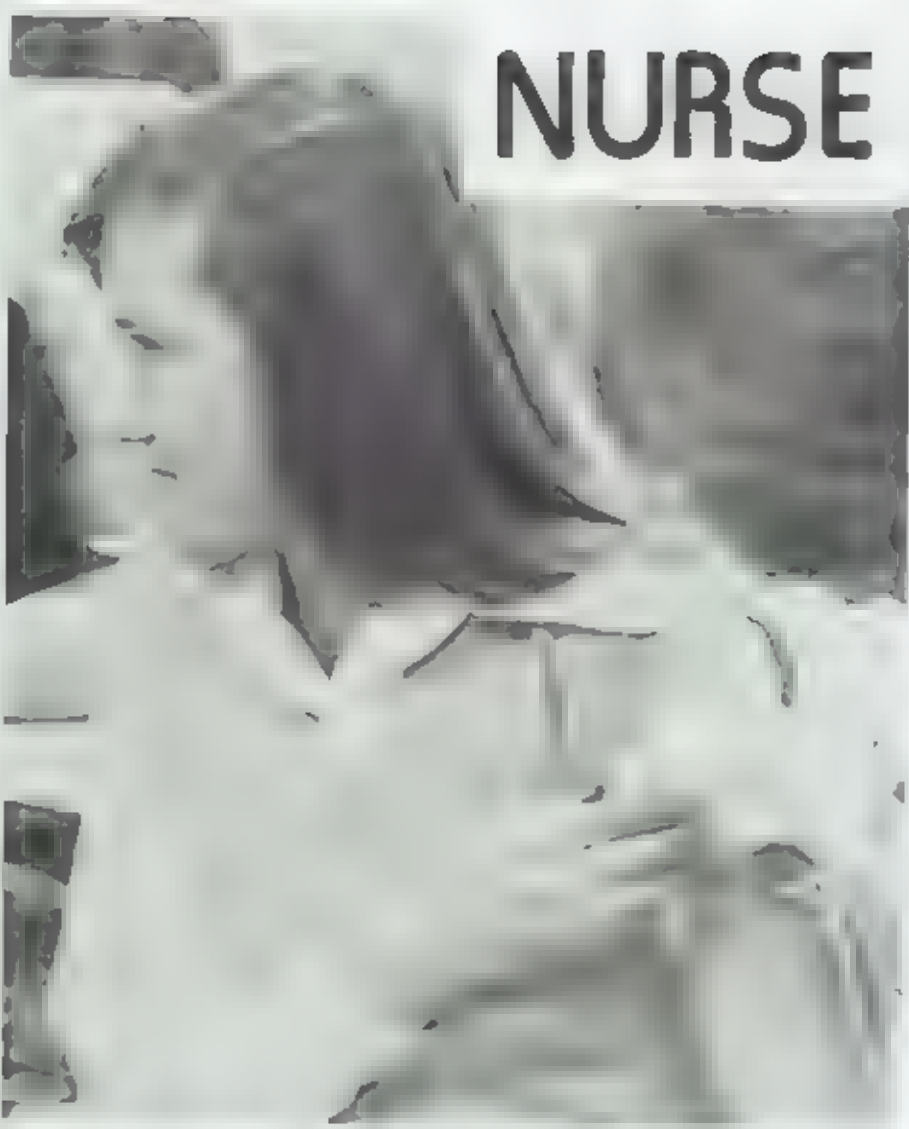

Below: Mrs. Sheppard, Mr. Andrews, Mr. Mallard, Mr. Fudge, Mr. Franco, Mrs. Hous—Guidance Aid.

Above: Buddy Grindell looks for a good college. Below: Bob Cox tries to find a suitable career.

NURSE

Mrs. Dailey

Mrs. Kowalski

The Nursing Staff of Horseheads High cares for over 1600 students. Though most students go to the health office for legitimate reasons, the Nurse and her aide spend much of their time caring for those who have brief illnesses - ones that last about forty minutes. As well as caring for the students of Horseheads High, the health staff spends many long hours checking and updating health records.

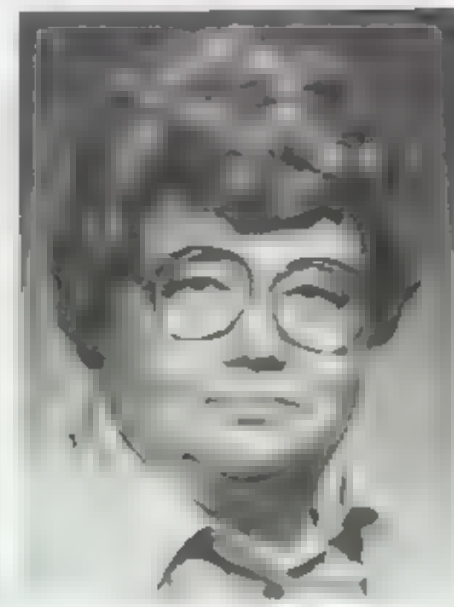

Mary McLain happily receives her polio vaccine.

Jackie Gilbert learns that vaccines are not fun at all.

Jay Mathieu bravely wears a smile as he receives two shots at once.

Secretaries

Without the hard work and dedication of the secretaries of Horseheads High the school would probably fall apart. This group of efficient and friendly ladies keeps Operation High School running smoothly. This year, as in the past, the clerical staff has done whatever they could to help the Equestrian Staff create a yearbook. Thank you, secretaries!

Right: Mrs. Hancock, Mrs. Roberts, Guidance Office

Below: Mrs. Hoos, Guidance Computer Programmer, Mrs. Segar, Attendance, Ms. Munson, Registrar

Cafeteria Staff

New innovations and exciting ideas have plagued the cafeteria staff early this year. A new "salad bar and sub line" gave us a good selection of munchies when we arrived in September. After Christmas vacation the introduction of the Blue Raider Special has been added to further enhance the entrées at our cafe and possibly, just maybe, give the students food to eat.

English

Us guys and grrls of the yearbook staph wood like to show our appreciashun to our English teachers for there valueless, er, valuable effort in edjucating us in our beautifully conceived complex language, there is a leter bomb in each of your mailboxes

But seriously folks, each semester, when grammar is fractured beyond all recognition and spelling is atrocious, we have our teachers to fall back on to give us help and inspiration. We should all be grateful to these courageous teachers for giving us their wisdom.

The courses offered can stagger the imagination or destroy one's confidence. Yes, from Introduction to Shakespeare to Short Story, and from World Lit. to Science Fiction, our teachers can and do . . . bewilder, confuse, and do their best with the students (?) they have to work with.

From top left: Mrs. McLain, Ms. Snyder, Miss Farmer, Mrs. Baker, Ms. Geer, Mr. James, Mrs. Janda, Mrs. Fensom, Mr. Fice, Mr. VanHouten, Mr. Cook, Mrs. Sanders, Mrs. Obuhanich, Miss Callahan.

Math

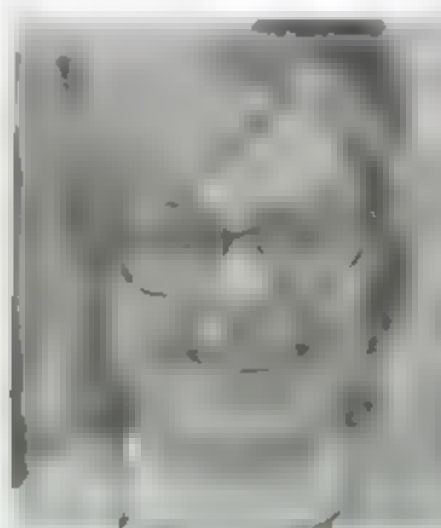

To these priceless Mathematicians, we owe more than our premature grey hairs can tell. Without the knowledge bestowed upon us by them, none of us could succeed in the world we are about to face. From Algebra to Calculus, the students here at Horseheads receive the finest education possible. In return for this, we give to our teachers such things as ulcers and high blood pressure. Yes indeed, we are, or should be, grateful to this group of benevolent teachers of Math.

Science

Why is the sky blue? Well actually, who cares? Our Science department does! The answers to this and many other mysteries are answered daily by our dedicated professors. Yes, year after year, this group of teachers are endeared by students thirsty for knowledge and insight into the world of science. From Biology to Physics, from the East building to the West wing, from the halls of Montezuma to the shores of Tripoli, science and the wonders of the world are out there waiting to confuse us. Thank goodness we here at good 'ol Horseheads High have this staff of experts to teach us

Social Studies

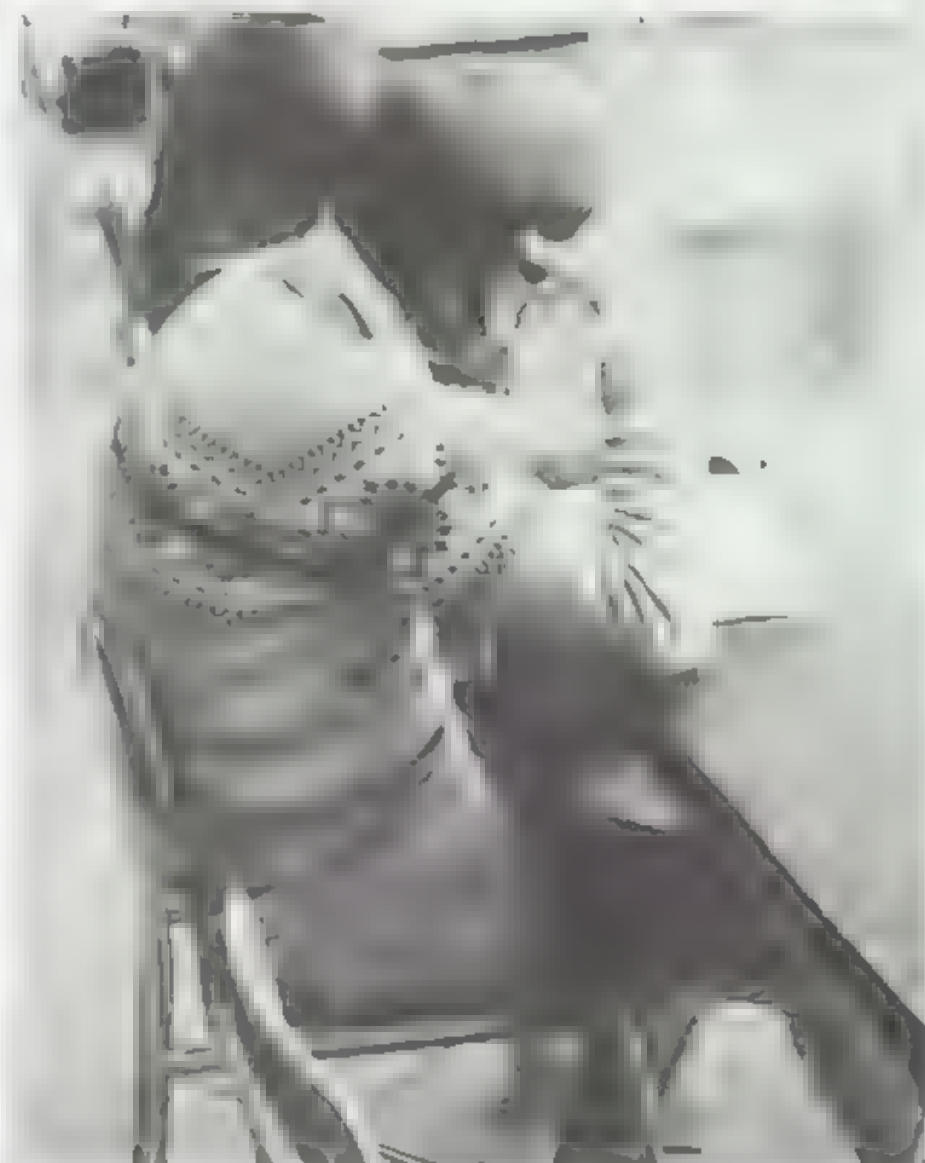

Those great Historians of Horseheads High School are doing one heck of a job again this year teaching their students the basic history course backgrounds

This Social Studies Department is also offering wide ranges of courses such as Sociology and Economics.

Language

The Language Department is one of the most active in the school. The many dedicated language teachers offer Spanish, German, Latin, French, Greek, and Russian on several levels.

The department also runs a bilingual program in conjunction with the Reading Lab for the several non-English speaking student enrolled in the school. Each year language students compete in many competitions including Language Day at St. Bonaventure University in Olean. Other activities of the department include helping foreign exchange students at Horseheads High, a language club, and of course, a cultural trip to New York City early in May. It's good to see such an active department at Horseheads High School.

Driver Ed

Driver Education, for another unprecedented year, is the most popular elective course. Though one often hears students complain how they hate it, it always has a waiting list and is the only full class in summer school. Yes, Mr. Pasquale, Mr. Palmer and Mr. Chamberlain are in there trying to save our lives.

Mr. Pasquale and Mr. Palmer

Driver Ed. serves a student in a number of ways. Not only does one learn how to drive better, but a blue card is obtained. In addition, insurance rates are sometimes lowered. Indeed, Driver Ed. serves an important purpose and its teachers know it. After all, who else would say "You won't get killed in English, but you might in a car!"

Health

The health department of Horseheads High has one of the toughest jobs in the school. That job is teaching every student about everything from personal hygiene to mental development. The health rooms, perched high atop the east building, are filled each day with juniors and seniors eager to learn. This year four teachers shared the privilege of spending two long semesters with the fine students of Horseheads, Mrs. Kent, Mr. Thomas, Mr. Costello, and Mr. Golden.

Gym: Getting in Shape

It's not easy, but each year the Physical Education Department of Horseheads High attempts to build out-of-shape bodies into fine specimens of physical fitness. The task is handled through a series of five week classes. These classes range from archery to C.P.R. and gymnastics to cross-country. Another program offered is gym labs throughout the school week. Gym labs make it possible for students to spend a free period using the gym, universal gym, pool, tennis courts, or track. All in all the Physical Education Department at Horseheads High is certainly one of the most interesting and well organized programs anywhere.

Art

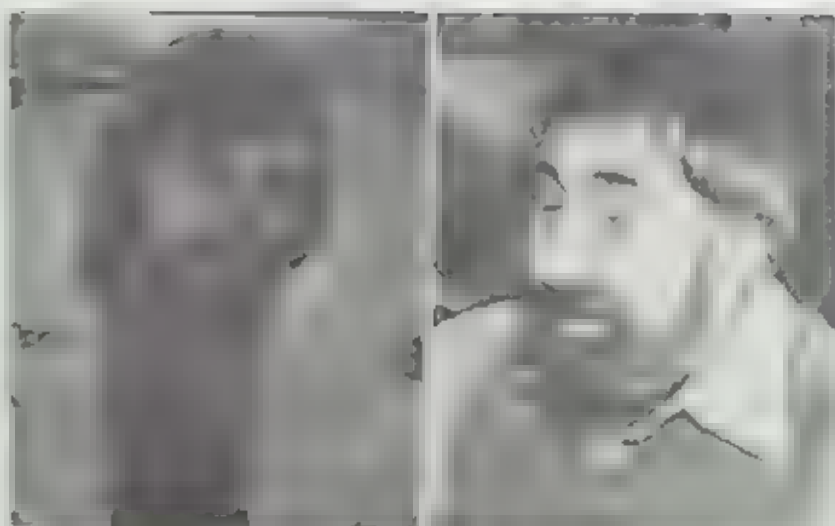

This year the Horseheads High School art classes entered several exhibits and events. Horseheads students won second and third places in the Marine Midland Art Contest. Students also won scholastic art awards in Binghamton. Other Art Exhibits that Horseheads art students entered were at Elmira College, the Zim Center, and the Arnot Mall. The school also held an Art Festival in May.

Music

The Horsesheds Music department's purpose in this school, is to guide the vocal and instrumental musicians and help them in their pursuit of music. The department has music theory for students who wish to learn more about the background of music.

To a majority of people, these are the students who push fruit, records and . . . As a whole, the music department is a dedicated group of students trying to further their musical abilities.

Home Economics

Homemaking class includes various activities such as sewing, fashion, housing, family relationships, foods, bachelor living, child care, and consumerism. These courses are designed to give some insight and awareness for today's student and prepare him or her for a domestic setting.

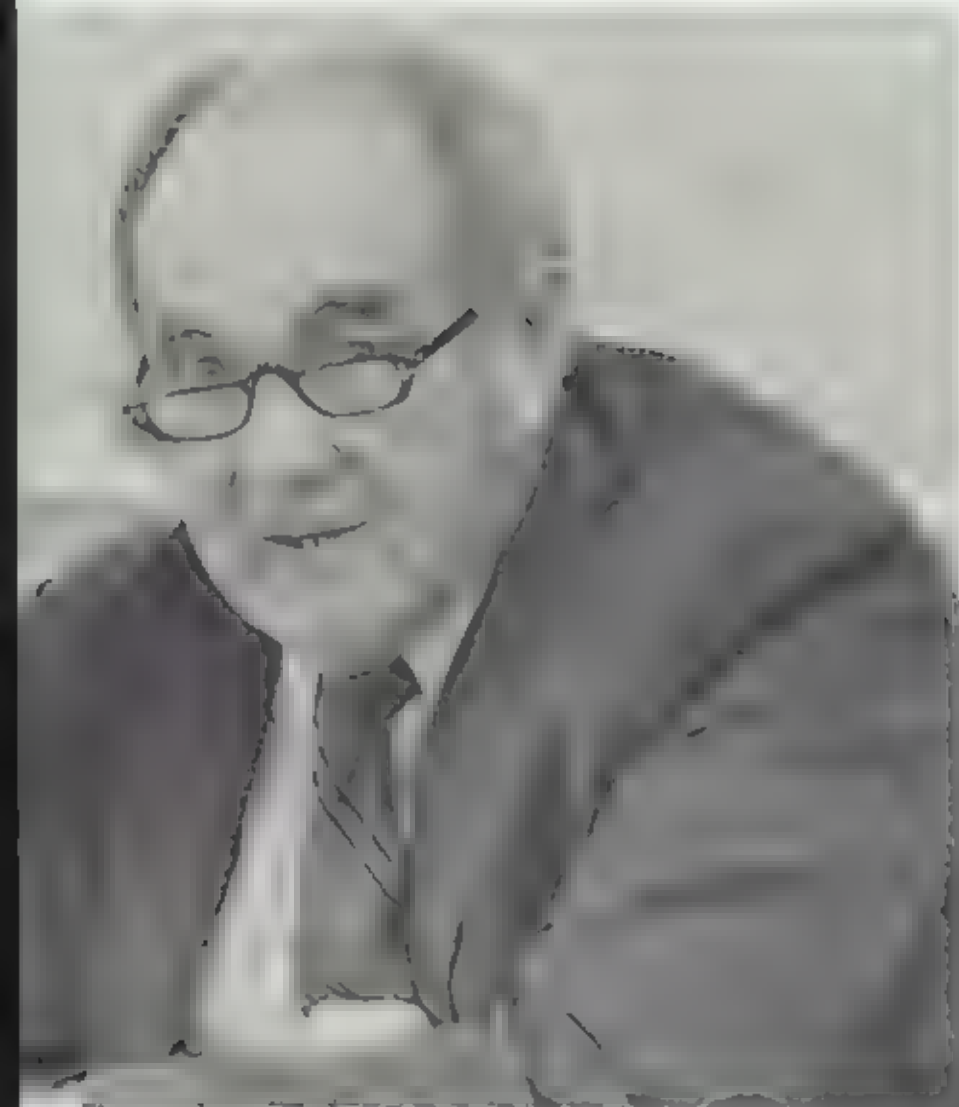

Home Economics teachers Mrs. Watkins and Mrs. Warters.

Mona Hufford is busily at work in Home Ec. class making a dress.

Kathy Barends seems to be enjoying herself, knit one pearl two.

Industrial Arts

The Mechanical Drawing and Shop departments of Horseheads High School are often overlooked but never forgotten. Mr. Russell's Mechanical drawing classes range from basic drawing to architecture. All are accompanied by the sound of music in which keeps Mr. Russell constantly in good spirits. Tucked away in the basement of the East building, you'll find Mr. Tuttle's classes. From basic light sockets to television wiring and motors to calculators, it's repaired at HHS.

Mr. Russell takes a minute to explain to a student the session of correcting drawings.

John could be busy time to explain what's wrong, he's not — he is working on it.

Mr. Russell, Mr. Tuttle

Business Department

Horseheads High School has one of the finest business departments in the area. It offers courses such as shorthand, college typing, and secretarial practice. The business area is still helpful to the students who may not go into this particular field. Courses like college typing help throughout the years after high school.

The department has two new additions, Mrs. Riley, who is our new shorthand I teacher, and Mr. Jeziorski, who is our new business Arithmetic teacher.

Above: Beth Pittman practices using the adding machine during her office practice class.

Mrs. Riley, Mrs. Shwartz, Mr. Jeziorski, Mrs. Bennett, Mr. Wyszowski, Mrs. Mason, Mr. Poel.

Library and Reading

Librarians: Mrs. Cook and Miss Johnson. Aides Mrs. Dean. Reading Miss Thomas. Inset Mrs. Sears

The IMC, or in laymans terms, the library, is consistently one of the least crowded areas in the school. Could it be that to get into the library you have to have a term paper due next period? This writer seriously questions the standards or requirements that IMC personnel use to decide whether or not the privilege of admittance be granted.

However, one must be aware that the library is the place to go when one absolutely needs to study (maybe that's why it's never crowded). Indeed, the IMC people do their best to execute a tough job

To quench his insatiable thirst for knowledge, Rodney Enoch fingers impatiently through one of the library's many books.

Advertisements

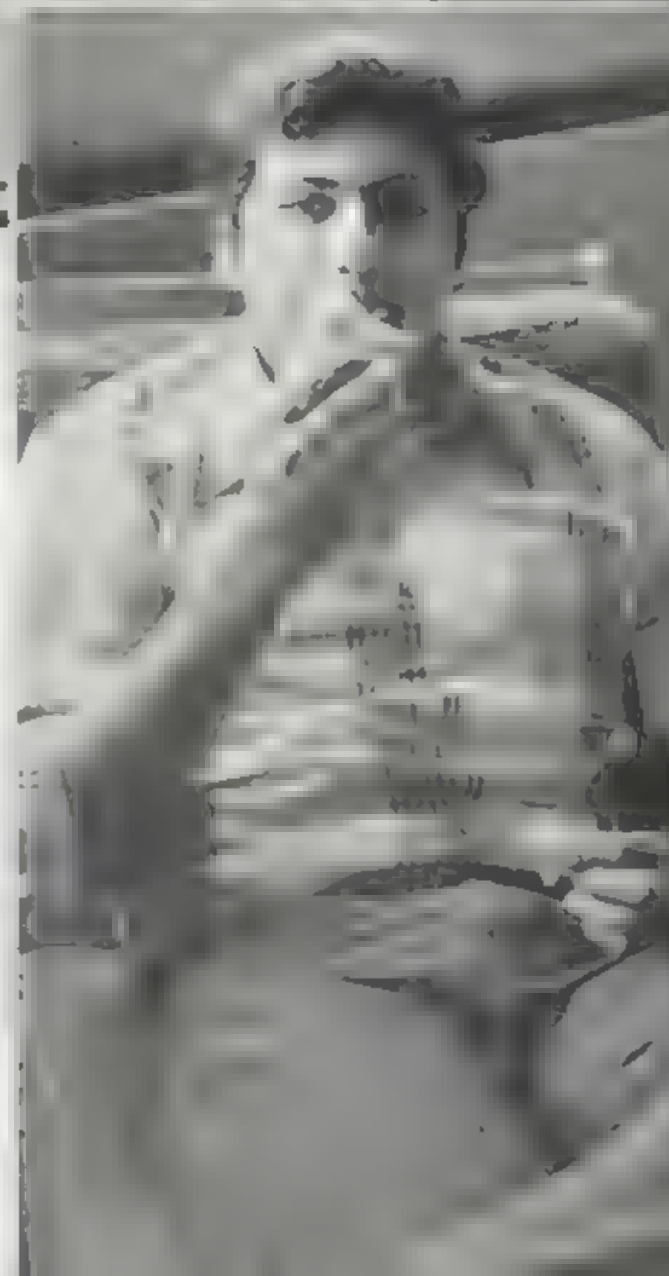

Although most people do not read the Ad section of a yearbook, it is probably the most important part of a yearbook. By purchasing advertisements, local businesses provide the money needed to add color or special effects to the yearbook, and also to purchase yearbook materials from year to year. Otherwise, this money would have to come from yearbook sales which would mean a rise in the price of a yearbook.

There is one more advantage of an Advertisement section. It provides a place for all your friends to sign your yearbook.

_____ man checks on the progress of advertisement sales.

This years' high ad salesman was Dan Binion. He also was the Advertisement Manager until he moved in October.

Better Late Than Never. . .

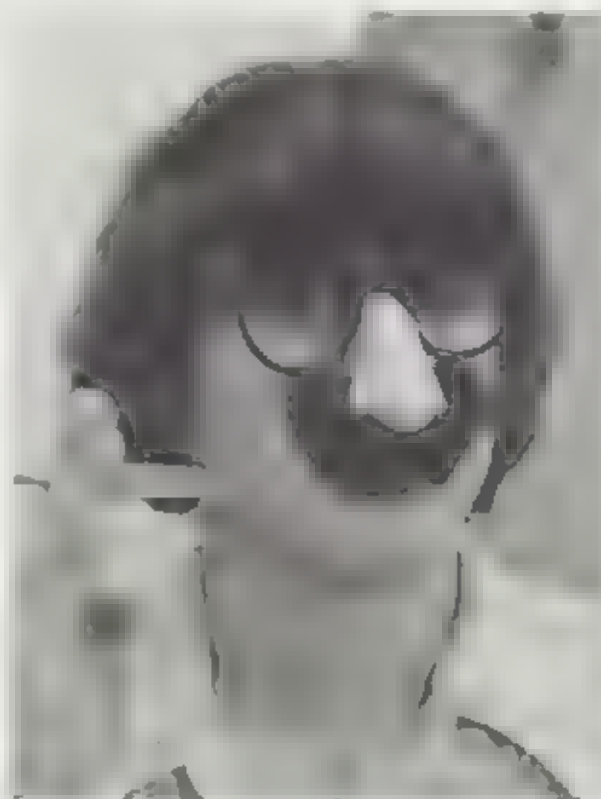

What would the school year of '77-'78 be without a yearbook? Well, you almost found out. The yearbook staff had a pretty rough time this year.

We didn't meet any of our deadlines, and thus, a very late yearbook. But as you all know, it takes time to do something right. Look at the impressive quality of this yearbook. Good, huh?

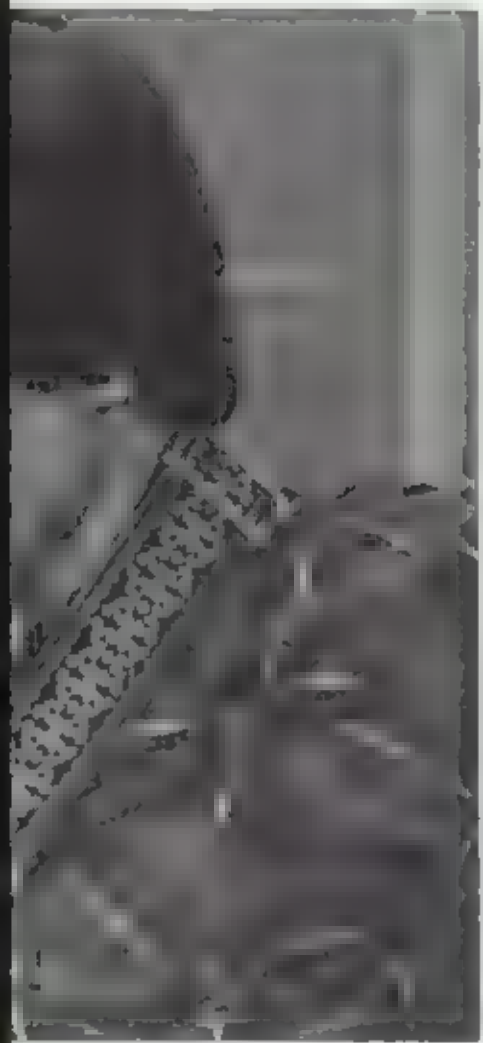

After the staff got through a couple of deadlines, we all decided to get moving so that you all could have your books by next year's graduation. Well, at least you got it. We would like to wish the yearbook staff for '78-'79 the best of luck. (Who knows? They might do as well as we did.)

Congratulations to:

... the Girls' Volleyball team which made it the semi-finals of the Section 4 Sectionals Tournament before being narrowly defeated.

... the Boys' Swim team for amassing 153 team points to place fourth in Section 4 Sectionals Meet, ahead of any other Elmira-area school.

... Rob Farmer, Charlie Friend, Colin Chaffee, Kevin Chaffee, and John Friend for advancing to the NYSPHSAA State Meet at Cortland. Rob placed 12th in the 100 yd. Breaststroke. Kevin placed 10th in the 100 yd. butterfly, and Charlie Friend 8th in the 200 yd. I.M. Charlie joined brother John and Kevin and Colin Chaffee to make Horseheads' 9th place Free-relay.

... John Pelchy who came back after being defeated in the semi-finals to win the consolation match at 177 lbs, in sectional competition held at E.F.A.

... the Girls' Basketball team for their No. 4 ranking in Section 4. The girls beat E.F.A. and Ithaca before being narrowly defeated by Seaton Catholic Central by one point in what some think was a questionably refereed game.

... to the class of 1978 for being the best class at Horseheads High and for your coming graduation. From the Equestrian Staff to the Senior class ... Good Luck!

... Garry Boyer for winning the NYSPHSAA State Indoor Track and Field Meet and Easterns in his hurdling events.

... Patty Frost for winning the NYSPHSAA State Indoor Track and Field in her sprint event.

From the '78 Equestrian Staff

The 1978 Horseheads High School Equestrian Yearbook, volume 39, was published by Inter-Collegiate Press, Shawnee Mission, Kansas. The book consists of 256 signature bound pages of 80 pound Persimmon Enamel. The type-style is set in 6, 8, 10, and 12 point Times New Roman. The Headlines are from I.C.P.'s special set of yearbook headlines. The cover was designed by Anne Albee. The color pictures for the entire book were done by Mr. Robert Scharf. The end-sheets were chosen from I.C.P.'s special collection of yearbook end-sheets.

Photography was provided by John Greible, Jeff Miller, and Scott Selby.

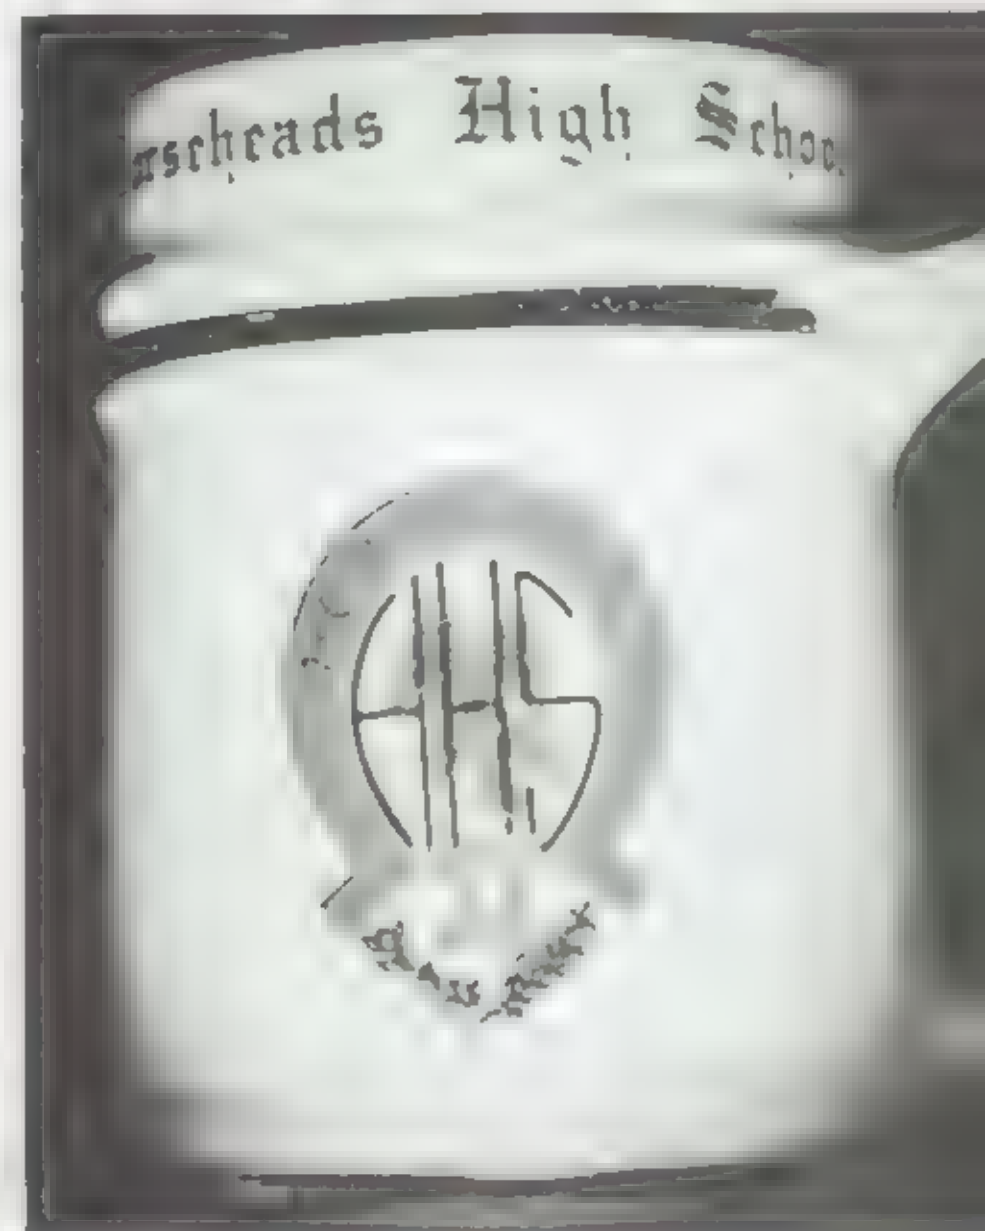

Senior portraits were taken by Varden Studios, of Rochester, N.Y.

The advisors for the 78 Equestrian were Mrs. Lucille McLain (literary advisor) and Mr. Robert Scharf (chief advisor). The I.C.P. salesman was Mr. Charlie McCann. Mr. Wysowski was Advertising and Subscription Advisor.

Special thanks go to Rick Michaels, Bob Neil, Rob Farmer, Rob Maione, Mark Angolia, and Lucy Pecchio. The Underclassmen section was completed by Missy Tanner, Belinda Chilson, and Cathy Cincebox. The typing of the 78 Equestrian was under the direction of Lucy Pecchio and Faith Kanter.

What's happening

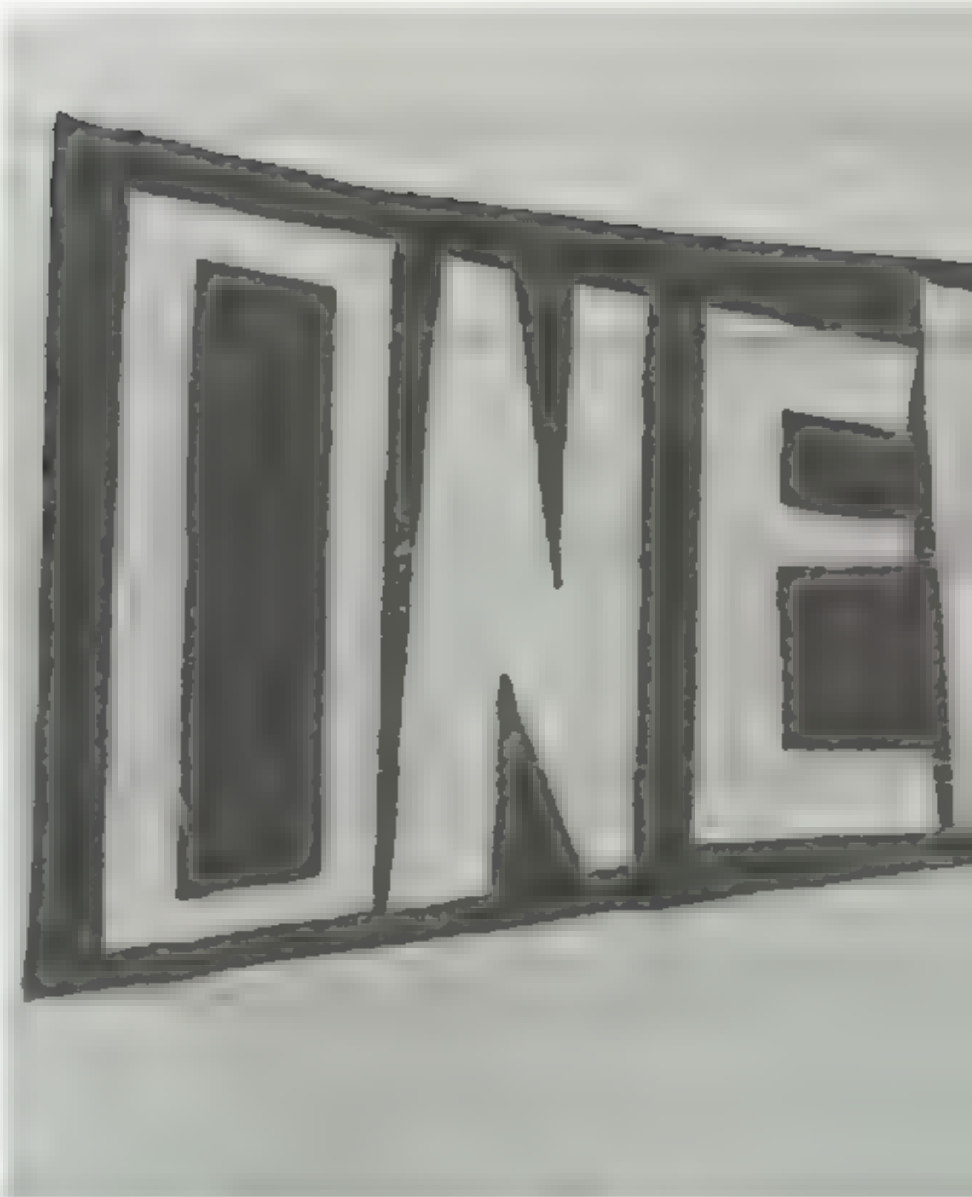

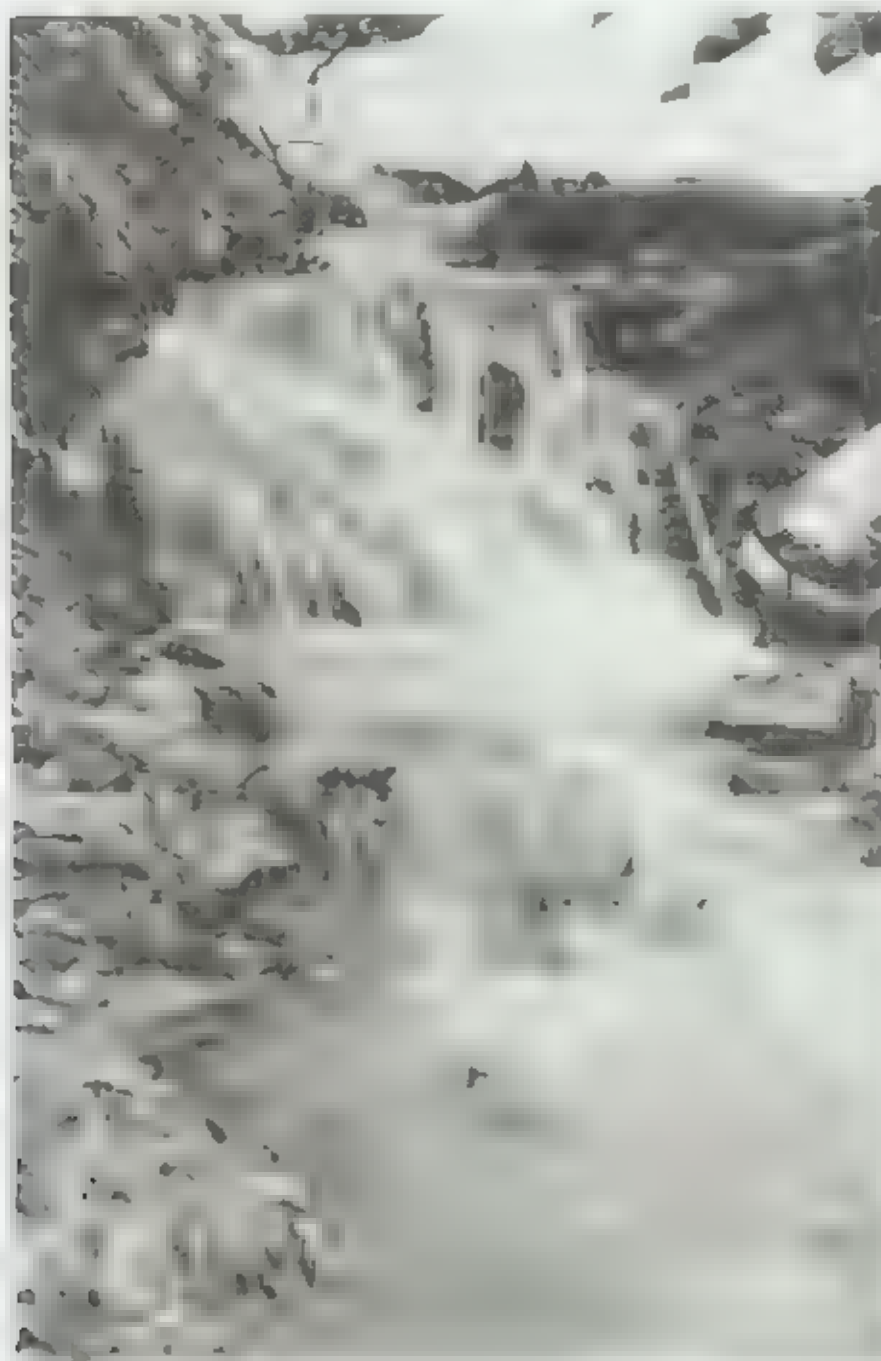

A phrase used everyday by most everyone: teacher, parent, and alike. A simple cliché that has become a mainstay in everything. Yet we persist in asking ourselves: what we see a friend or acquaintance pass by. What has happened throughout this year? For we seniors, this year has been filled with plans for the future. Those going on to college and further education past high school have been busy filling applications, having interviews and doing battle with guidance counselors. For those who are eagerly awaiting graduation to move on into a new and exciting life, much has happened to mold our personalities.

closing

The three years here at Horseheads High have allowed us to mature and prepare us for the fast paced world we are about to enter. Everything that has happened in these three years here have gone to shape us in some way. Not only have events shaped us but every student, teacher, substitute, and administrator have had some effect on us, whether it be adverse or not.

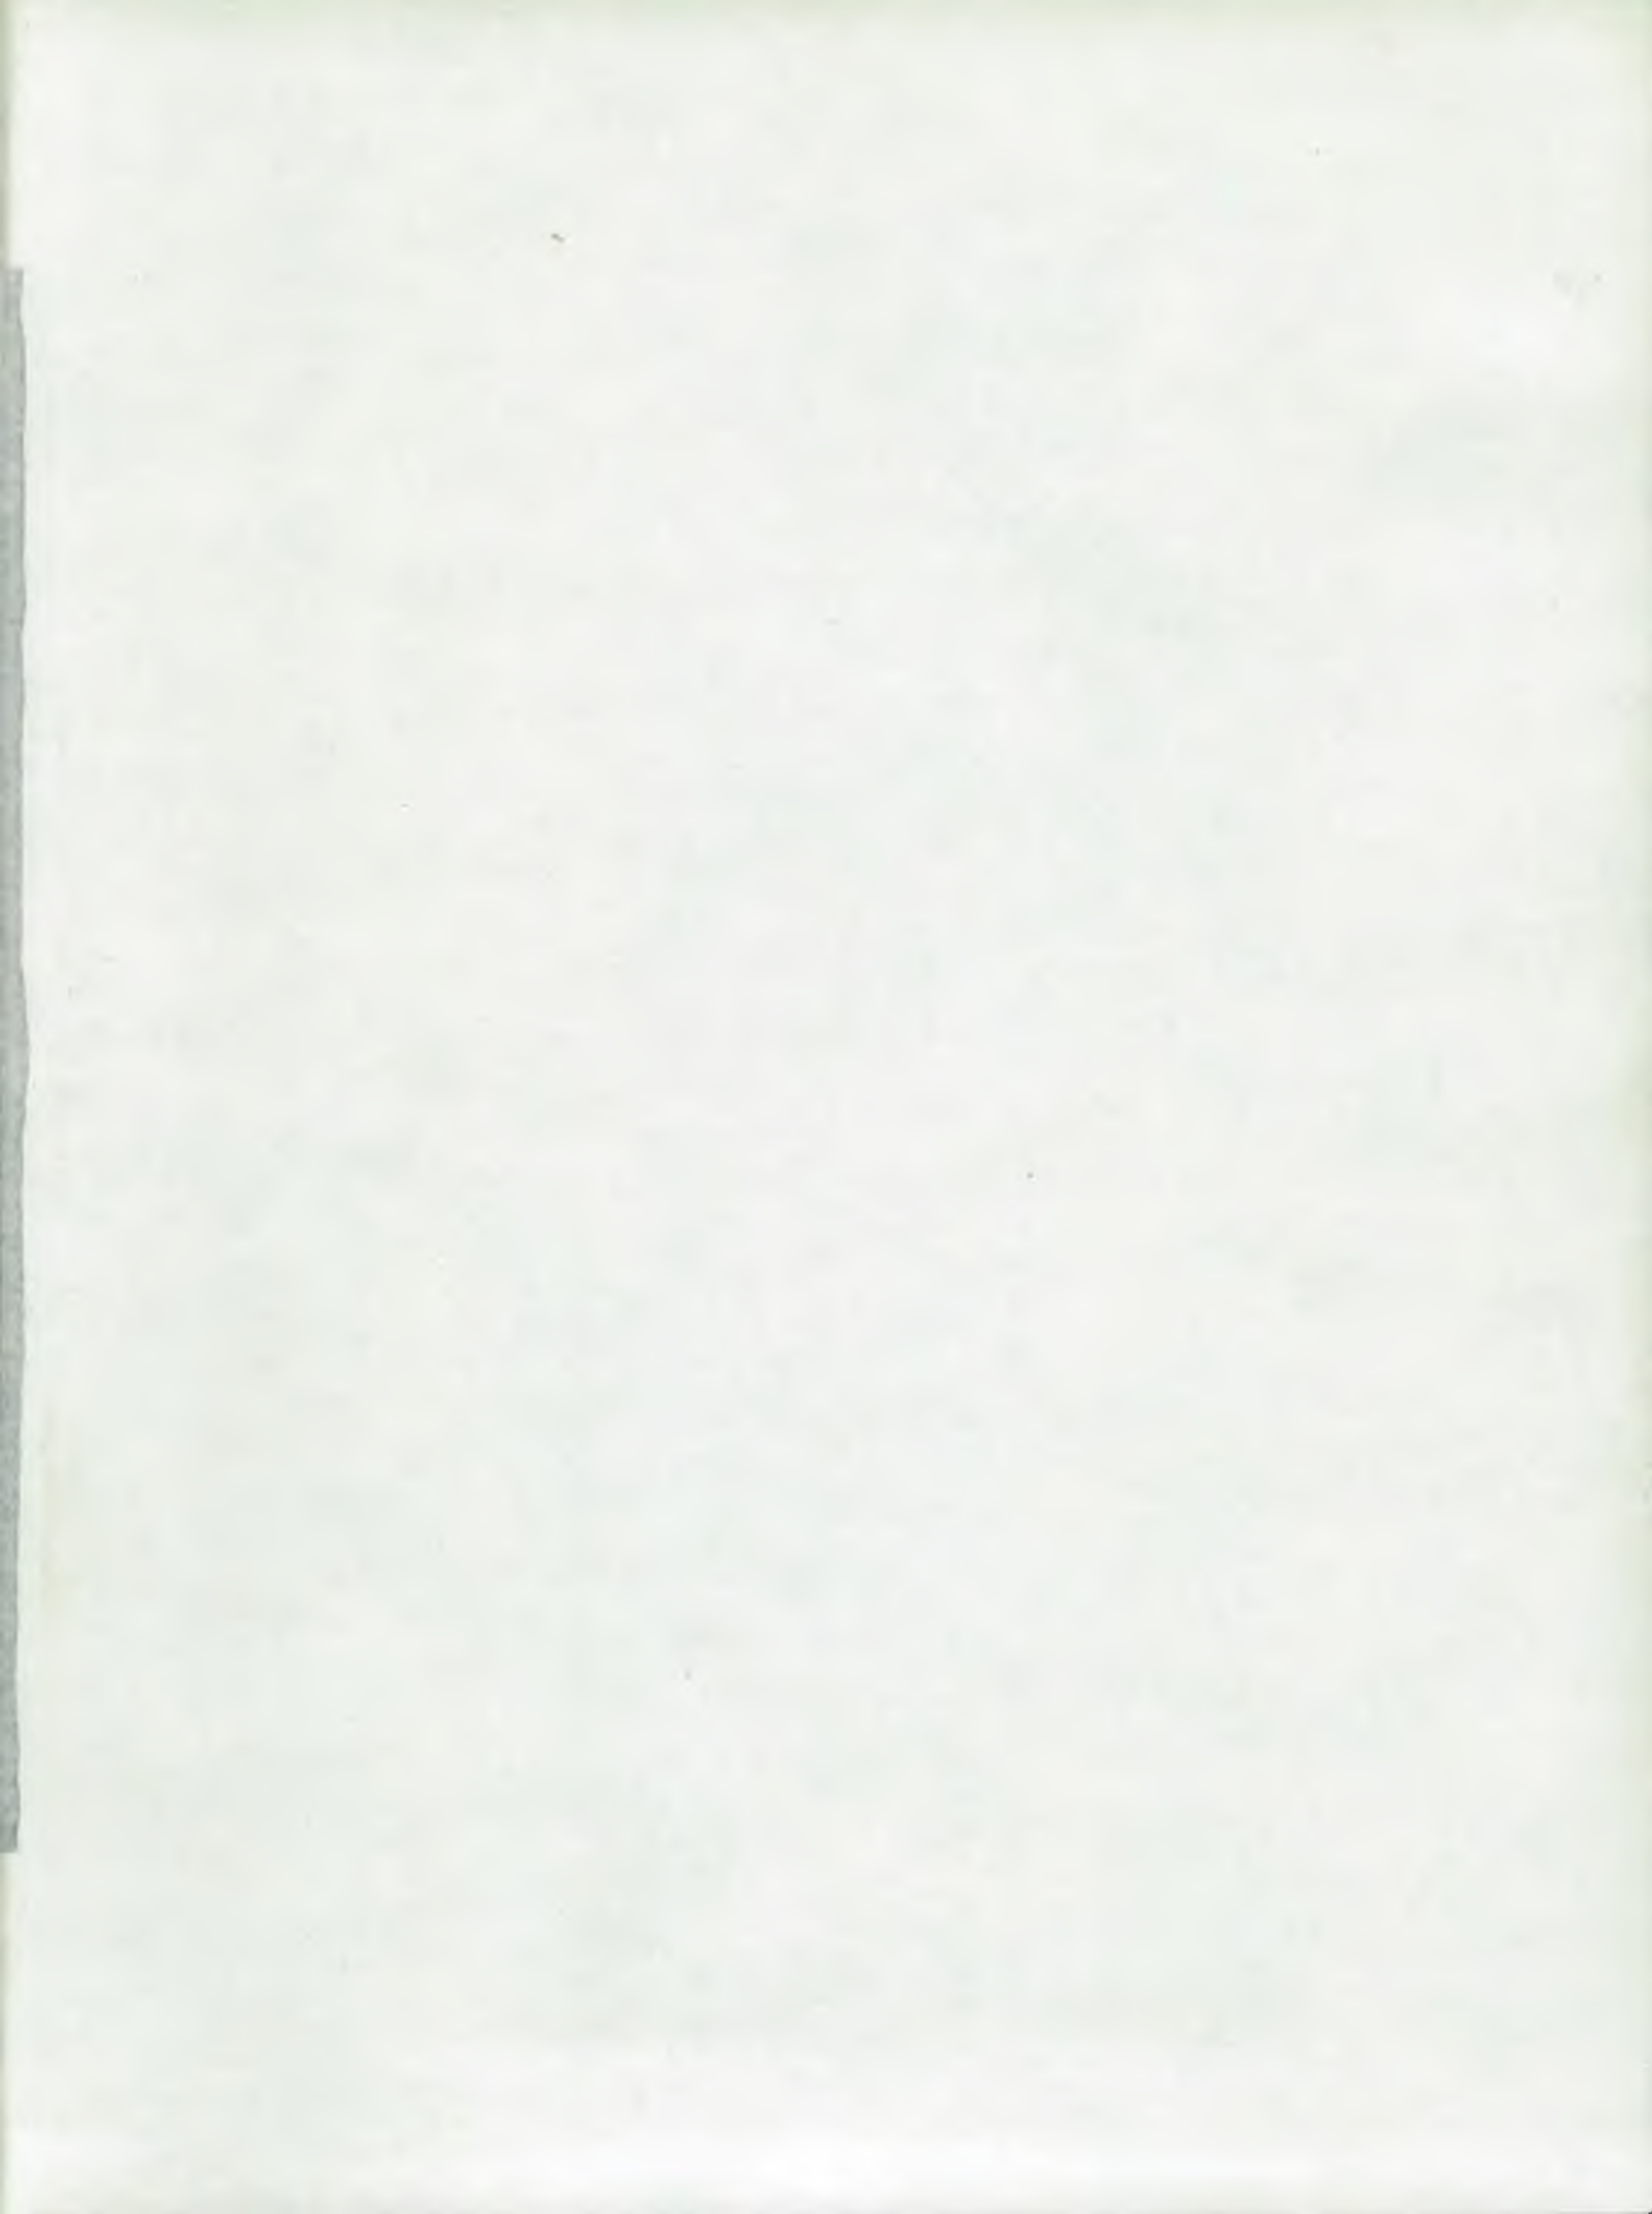

What's happening? We all want to know. We all must keep abreast of everyday events if we are to live with our friends and other people. As we leave these hallowed halls and go into life may we keep the friends we have made here and always know what's happening with each other

Good luck to
the future. I hope
you have yourself with you
and you were good to come

Rusty

Howell I don't now what to
say but I'll try. Well what
have you been doing with your
self lately blabbering not much
like me.

Rusty,
 I'm in the future and
 have a lot of fun with
 all the girls I'm about with
 3 or 4 years you would with
 see you were back? Right? Well
 what the hell? Right? Well
 ya later

Rusty,
 Will you finally out!
 I'll bet you're really glad
 of that! Good luck in what
 ever you have in mind for
 the rest of your life I
 really hope that all your
 dreams come true. Don't
 ever forget me please I
 won't ever forget you and
 all the times you shot
 me in the pool.
 Love
 Always
